WINTER EDITION.

January. 1896 March.

HENRY A. DREER,

714 Chestnut Street,

Established 1838.
Incorporated 1892.

PHILADELPHIA, PA.

DREER'S QUARTERLY Wholesale Price List

January-March, 1896.

In submitting the Winter Edition of our Wholesale Price List it gives us much pleasure to return our thanks for the very liberal patronage accorded us during the past season, and in soliciting your orders for the present year we beg to assure you of our continued and unceasing efforts to give the utmost satisfaction, and to maintain the high reputation that we have so long enjoyed for supplying only the best strains of Vegetable and Flower Seeds at reasonable prices.

LOW EXPRESS RATES ON PLANTS.

We are shipping by all express lines to any part of the country, plants packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we GUARANTEE SAFE DELIVERY on Plants and perishable goods, when ordered to be sent by EXPRESS.

PLANTS and PERISHABLE GOODS shipped between NOVEMBER 1ST and APRIL 15TH are at PURCHASER'S RISK as regards freezing, when ordered to be sent by RAILROAD or STEAMER.

As the saving in transportation charges is solely for the benefit of the purchaser, it is only reasonable that they assume the risk when perishable goods are not sent by Express.

TERMS OF BUSINESS.

Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order.

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.

In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts regardless of date of purchase were due in January and July, and have decided to adopt a new system, as follows :---

On and after January 1st, 1896, all bills will be due and payable Ninety (90) days after date of Invoice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

In filling out your order, always give SHIPPING DIRECTIONS, and write NAME and ADDRESS DISTINCTLY.

Novelties and Specialties in Vegetable Seeds.

A Decided Novelty, LIMA WAX BEAN.

Named Lima Wax, as it has bright, glossy foliage and the bloom resembles the Dwarf Lima. The pods are very broad and flat and of excellent quality. The plant is branching and vigorous, with an immense amount of foliage, pods are borne in the greatest profusion, often a single plant having from 50 to 60 or more pods. When in bloom the plant is completely covered with flowering spikes, and as the pods form in clusters they sink beneath the dense foliage which shields them from light showers, heavy dews and hot sun, which is a protection against their spotting or rusting and becoming soiled, as compared with other sorts. They require thin planting (two beans being sufficient for a hill) on very rich soil, and will run true and not sport.

The pods are the broadest of all Wax Bush Beans, color transparent glossy lemon wax, having the yellow waxy appearance soon after the pods are formed. When picked will retain their bright, attractive appearance for a long time and do not become tough. Quality very tender, juicy, and flavor delicate. Seed small oval, pure white, which is much in their favor compared with a colored bean.

Having wonderful productiveness, attractive appearance and keeping qualities, it is likely to become a favorite for main crop with truckers. Owing to its tenderness, fine quality and delicious flavor it cannot help but please those who want the best. Being white seeded, retaining its rich color, and delicate, delicious flavor, when canned, it will be most desirable for canners' use.
Per pkt. 10 cts.; 10 pkts. \$1.00.

Dreer's Improved Red Valentine Bean.

Extra early round pod. Our strain of this popular and excellent variety is a great improvement on the Early Red Valentine, which we have long ago discarded. It is much earlier, pods being ready to pick, under favorable conditions, in thirty-two days from germination. It is one of the most profitable sorts for private use or market. Qt. 20 cts., peck \$1.00, bu. \$3.75.

Keeney's Rustless Golden Wax Bean.

A strong-growing bush variety of remarkable vigor and freedom from rust. It sends out short tendrils on which pods are formed in addition to those near the central stalk of the plant, which accounts for its wonderful productiveness, amounting, under favorable conditions, to 100 fold. Qt. 35 cts., peck \$2.25, bu. \$8.00.

Valentine Wax Bean.

An improved extra early Valentine Bean, with round wax pods. It is without exception the earliest Wax Bean, being even earlier than Refugee Wax. The pods are very meaty, and with so very little string that they may justly be called stringless. It is remarkably free from rust and remains a long time without becoming tough. Qt. 30 cts., peck, \$1.75, bu. \$6.00.

Davis Kidney Wax Bean.

A new and distinct kidney wax variety; one of the main points of its superiority over other sorts is its extreme hardness and excellent shipping qualities. The pods are long, straight, oval, clear, waxy white and handsome, often growing to a length of seven to eight inches, and when fit for use are quite stringless and of fine flavor. Pt. 25 cts., qt. 40 cts.

Dreer's Bush Lima Bean.

This valuable dwarf variety of our Improved Lima Pole Bean is increasing in popularity as it becomes more widely known. It is a true Bush Lima, growing from 1½ to 2 feet high and producing pods in great abundance. The beans grow close together, producing three or four, and sometimes five, beans in a pod. The beans are short and thick, similar to the Dreer's Improved Pole Lima, and are equal in tenderness and quality to that choice variety, which is regarded as the sweetest and most desirable sort for cooking and table use. Qt. 35 cts., peck \$2.50, bu. \$8.00.

Marvel of Paris Bean.

A splendid early dwarf Snap Bean, of French origin, very vigorous, and of remarkably great and prolonged productiveness. Pods green, long and slender. Pt. 30 cts. qt. 50 cts., ½ peck \$1.25, peck \$2.00.

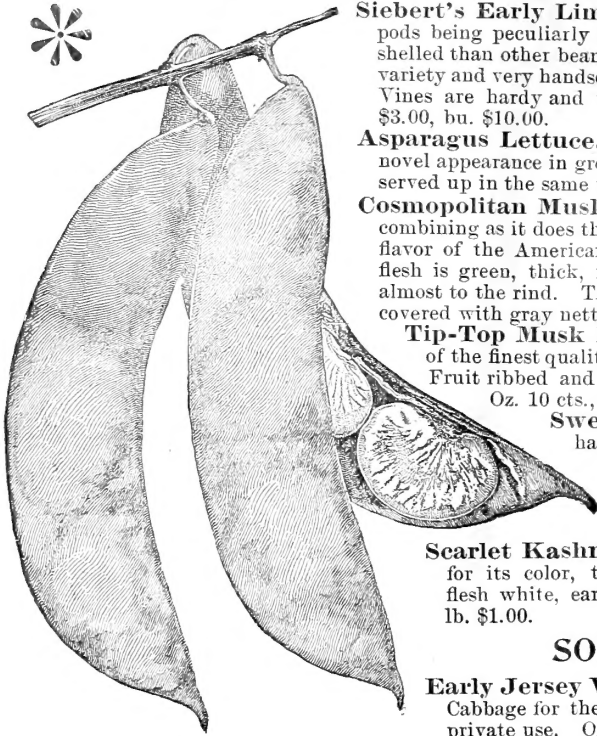

Dwarf Lyonnaise Bean.

This is not a novelty, but it deserves to be much better known than it is at present. It is a very fine sort in every respect, producing abundantly its extra long, roundish, slender green pods. Qt. 40 cts., ½ peck \$1.00, peck \$1.50.

New French Pole Bean, Four to Four.

Of middling height and average earliness, this may truly be described as one of the most prolific in existence. The pods are almost invariably produced in bunches of four, in steady succession from near the soil up to the tip of the vines. Pkt. 10 cts., pt. 40 cts.

Novelties and Specialties—Continued.

SIEBERT'S EARLY LIMA.

Siebert's Early Lima Bean. An improvement on the Large Lima Bean, the pods being peculiarly thin and flexible so that they are more easily opened and shelled than other beans. When in condition for use they are larger than any other variety and very handsome in shape and color. It is the earliest of the large Limas. Vines are hardy and very productive. Pkt. 10 cts., qt. 50 cts., $\frac{1}{2}$ pk. \$1.75, peck \$3.00, bu. \$10.00.

Asparagus Lettuce. A new variety of French origin. This Lettuce presents a novel appearance in growth, being of the Cos type and the midrib is prepared and served up in the same way as Asparagus. Pkt. 10 cts., 10 pkts. \$1.00.

Cosmopolitan Musk Melon. A new Melon of beautiful symmetry of form, combining as it does the firm sweet flesh of the French Cantaloupe and the delicious flavor of the American Musk Melon, it is truly cosmopolitan in character. The flesh is green, thick, firm, very sweet, melting and highly flavored and extends almost to the rind. The fruit is of medium size, spherical, with no ribs and densely covered with gray netting. Oz. 20 cts., $\frac{1}{4}$ lb. 50 cts., lb. \$1.00.

Tip-Top Musk Melon. Quite distinct in appearance, this new Melon is of the finest quality. Flesh yellow, sweet, juicy and firm, but not hard fleshed. Fruit ribbed and beautifully netted, a very productive and excellent variety. Oz. 10 cts., $\frac{1}{4}$ lb. 30 cts., lb. 80 cts.

Sweet Heart Water Melon. An entirely distinct and handsome new Water Melon. Vine vigorous and productive, large, oval, very heavy, uniformly mottled light and dark green. Flesh bright red, solid and very sweet, is sure to become a popular variety. Oz. 20 cts., $\frac{1}{4}$ lb. 50 cts., lb. \$1.00.

Scarlet Kashmir Turnip. This new and distinct variety is remarkable for its color, the outside skin being of a beautiful deep scarlet color; flesh white, early, of the finest table quality. Oz. 10 cts., $\frac{1}{4}$ lb. 30 cts., lb. \$1.00.

SOME OF OUR SPECIALTIES.

Early Jersey Wakefield Cabbage. This is undoubtedly the best early Cabbage for the market gardener and is the leading early and the best for private use. Oz. 20 cts., $\frac{1}{4}$ lb. 60 cts., lb. \$2.00.

Dreer's Early Drumhead Cabbage. A favorite with the market gardeners; a second early, large, solid-heading variety. Oz. 20 cts., $\frac{1}{4}$ lb. 60 cts., lb. \$2.00.

Dreer's Crystal Summer Savoy Cabbage. A fine sort, of medium size; heads nearly round, deeply curved and very tender. Oz. 20 cts., $\frac{1}{4}$ lb. 60 cts., lb. \$2.00.

Dreer's Selected Late Flat Dutch Cabbage. Short stem and large, solid, flat heads. Our stock has been carefully selected for several years in order to get a cabbage of this type, and we are confident no better strain is on the market. Oz. 15 cts., $\frac{1}{4}$ lb. 50 cts., lb. \$1.75.

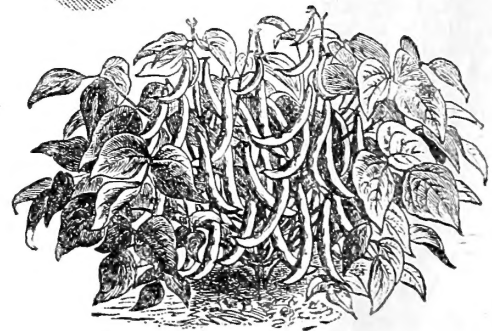

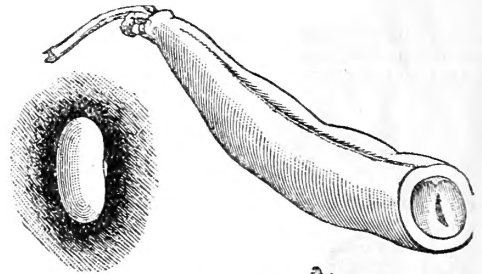

Dreer's Selected Dwarf Erfurt Cauliflower. One of the earliest in cultivation, small-leaved dwarf, for forcing on open ground, producing very solid pure white heads of the finest quality; it grows about 15 inches high, and in ordinary seasons every plant will produce a marketable head. Pkt. 15 cts., oz. \$2.00.

Dreer's Earliest Snow-Storm Cauliflower. The earliest and best of all for forcing. It is dwarf, with short outer leaves, and can be planted 2 feet apart each way; always sure to make large fine heads earlier than any other, and is the market gardener's favorite. This variety must be kept growing constantly, as it will not stand a check at any period of its growth. Pkt. 20 cts., $\frac{1}{4}$ oz. \$1.25, oz. \$4.50.

Dreer's Improved Hanson Lettuce. This superior Lettuce, which we introduced twenty years ago, is the best summer heat-resisting sort. The heads grow to a remarkable size and are sweet, tender and crisp; for outdoor culture it is unequalled. Our stock is selected and true to its original purity. Oz. 10 cts., $\frac{1}{4}$ lb. 30 cts., lb. \$1.00.

Dreer's Improved Purple-Top Ruta Baga. This is undoubtedly the finest strain of Purple-Top Ruta Baga. It is of the largest size, perfect form, fine-grained, with short top and smooth skin. Oz. 5 cts., $\frac{1}{4}$ lb. 15 cts., lb. 50 cts.

Dreer's Eureka Extra Early Peas. The earliest and most prolific variety. This sort has given the best results wherever grown, and is a standard for earliness and quality. It is an even cropper, and can be gathered clean in two pickings. This is an important item when the space is wanted for repeated cropping. For a late fall crop it has few equals, and is the market gardener's favorite for all seasons; height 20 inches. Qt. 20 cts., peck \$1.00, bu. \$4.00.

KING OF THE WAX DWARF BEAN.

New Dwarf French Bean, King of the Wax.

This new French variety well deserves the name under which it is catalogued, for its qualities surpass those of any other Wax Bean we are acquainted with. It forms strong bushes, very compact in growth, and its prolificness is simply marvelous. The pods are produced in enormous quantity; they are remarkably tender, and so fleshy that the seeds scarcely find sufficient room for their development.

The seed is pure white, rather large, flat, with very thin skin, and is of excellent quality. Pkt. 10 cts., pt. 40 cts.

The New Tomatoes of 1896. Descriptions from... ...the Introducers.

Landreth's Cross-bred Tomatoes.

Crops grown the past summer of 1895, the seeds sown being selected from the crops of '94, which were grown from hybridized seed of 1892 and 1893. The varieties are, as is usually the case with cross-breeds, of exceeding productiveness and remarkable earliness, both qualities raising them to a first-class position, to say nothing of their distinctive shapes, which are altogether new.

Scarlet Cross, 90 Days. Earliest to ripen of the cross-bred sorts, being edible in about 90 days from germination of the seed. Color scarlet, and proof against sunburn. Form of fruit deep oval between stem end and blossom end. Fruit three weeks earlier than stone and larger than Stone, and distinct in form, being so very thick. Borne in bunches, sometimes as many as 12 to 14 big fruit in a cluster. Fruit ripening all over, without crack or green core. Cells 4 to 6. Variety exceedingly productive. Vine vigorous and dark in color. Per pkt. 25 cts.

Purple Cross, 95 Days. Second in precocity of the cross-bred sorts, ripening in about 95 days from germination. Color fixed as a velvety maroon. Form 1 inch more in depth between stem end and blossom end than Beauty. Borne in clusters, as many as 17 big fruit being taken from one cluster. A wonderful producer. Per pkt. 25 cts.

New Imperial Tomato.

This fine Tomato excels in earliness, size, perfect symmetry, and about every trait that goes to make up a first-class tomato; it ripens well up to the stem and is very thick-meated, and is claimed to be earlier than any other variety. It is at all events well worthy of a trial. Per pkt. 10 cts., oz. 30 cts., $\frac{1}{4}$ lb. \$1.00.

Eastman's Bright and Early.

The originator of this new variety writes:—"In the Bright and Early Tomato, now first offered, I believe we have the best combination of earliness, yield and quality yet attained in this vegetable." Per pkt. 10 cts., 12 pkts. \$1.00.

Horsford's Daybreak.

The result of a cross between the Mayflower and the Trophy. The fruit of "Daybreak" is fully a third larger than that of the Dwarf Champion, and there is more than double the quantity. Its color is bright red like the Trophy; it is quite as solid, and when mature is as smooth as the Mayflower. Its foliage is distinct from all other Tomatoes, being of a very dark green. So marked is this characteristic that one might easily tell a plant of "Daybreak" among a thousand of any other sort. Per pkt. 15 cts., 2 pkts. for 25 cts.

Bond's Early Minnesota.

The originator claims this variety to be the earliest in cultivation, being the first to ripen in a test of 110 varieties. While the Early Minnesota is the earliest to ripen, it is also perfectly smooth, has a handsome dark red color and is attractive as well as productive. Per pkt. 10 cts., 12 pkts. \$1.00.

Vick's Early Leader.

Claimed by the introducers to be the earliest, most productive, finest quality and best formed Tomato in existence. Per pkt. 15 cts., 2 pkts. for 25 cts.

Carter's Cardinal Turnip.

A new extra early white-fleshed Turnip. This variety is distinct, having a deep cardinal skin, which not only appears on the top, but also covers the whole root. The root is of medium size, flat, with very short top, and of fine table quality; it is one of the best varieties for growing on hot, dry soil, not running to seed like some early kinds. It has a strong tap-root which doubtless protects it from drought, and, having thick, spreading foliage, the root is shaded. Pkt. 10 cts., oz. 20 cts., $\frac{1}{4}$ lb 50 cts., lb. \$1.75.

Large Red Olive Cross, 105 Days. Not fixed to the prevailing color, which is red, a small portion coming purple. Shape varying from that of a baseball to a goose egg. Very solid, heavy and productive. Foliage dark and strong. Ripening ahead of Stone, or in about 105 days. Pkt. 25 cts.

Large Purple Olive Cross, 105 Days. Color not fixed, but nearly all purple. Deeper in color, thicker or deeper in fruit, earlier and more productive than Beauty. Ripens in about 105 days. Per pkt. 25 cts.

Three-Celled Cross, 110 Days. Form that of a goose egg, or something like the Chemung, but perfectly solid, which the Chemung is not. Color maroon or purple. A perfect ripener. A distinct strain, as it varies from 2 to 3 cells, all other Tomatoes except the Two-celled Cross and the Currant varieties having from 5 to 7 cells. This, like the Two-celled Cross, is a fine sort to grow for Fruit Stand Sales, because of its attractive and very distinct appearance. Ripening in about 110 days. Per pkt. 25 cts.

Two-Celled Cross, 115 Days. In novelty only approached by the Three-celled Cross, which is not so curious as this very distinct Tomato; is large as a big goose egg and solid as an apple; free from cracks, green core or blemishes. Color like Acme. Foliage very small and silvery, but a strong vine. An admirable sort for forcing under glass or for early sales at Fruit Stands, its novelty of shape, size, coloring speaking its own praise. Ripening in about 115 days. Per pkt. 25 cts.

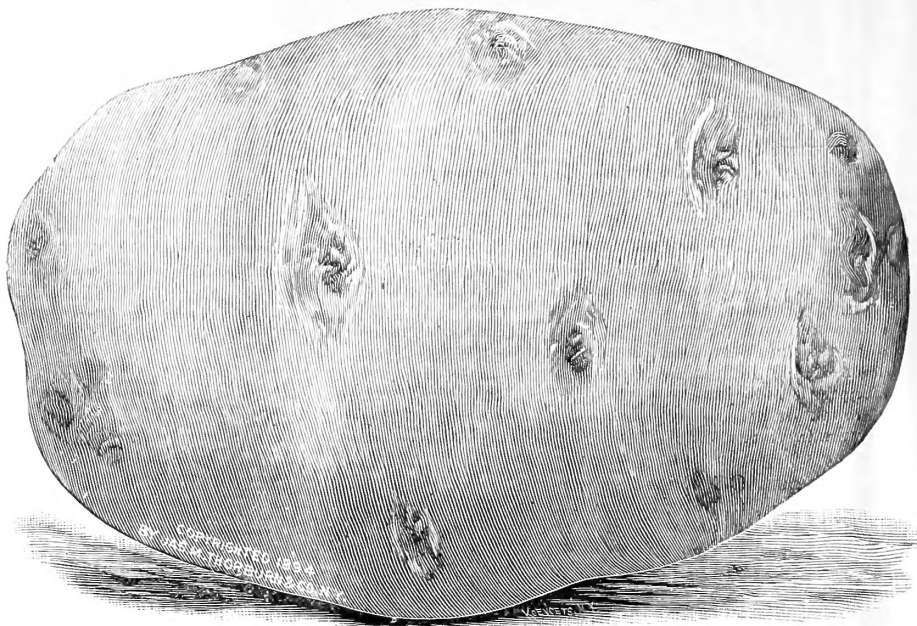

THORBURN NEW YORK.

Tomato, Thorburn New York.

A new and entirely distinct variety, discovered 4 years ago in a field of the **Acme Tomato**. After 3 years of careful culture, it has retained uniformly its distinctive features, and there is every reason to consider the type perfectly fixed. In color it is deep red, with a purplish tinge, and altogether it is as handsome as it is unique. In size it averages a little larger than the **Acme**; the flesh is very solid and of mild, agreeable flavor. It is **extra early** in ripening, a very vigorous grower and a great yielder. It is excellently adapted for canning purposes, and its extremely long-keeping qualities and thick, smooth skin make it a most valuable shipping variety. Per pkt. 10 cts., 12 pkts. \$1.00.

POTATO, Carman No. 3.

This splendid new Potato is without an exception the greatest yielder ever introduced. It may fairly be claimed that it does not yield any small tubers at all. It bears its tubers very close to the plant, a single turn of the fork turning out every Potato. It is of the largest size and of the shapeliest form. It is a perfect keeper; that is, it will not sprout up to planting time, unless kept in a warm place. Both skin and flesh are of extreme whiteness. Eyes few and shallow. Late in ripening. Peck \$1.25; bus. \$4.00; bbl. \$8.00.

DOBBIE'S ENGLISH GROWN SPECIALTIES.

The following specialties are from a celebrated English grower who has long been famous for his choice selections of vegetable seeds, which are eagerly purchased by amateurs who desire the finest specimens for exhibition purposes. We offer them for trial in original packets.

Leek, Dobbie's Champion. This Leek has taken more first prizes at the horticultural shows than all others put together. Unlike most other Leeks, it can be grown to a large size without losing any of its good qualities; the form is perfect, the blanched part is always of the purest white, very solid and never ribbed. Original packets, 15 cts.

Parsley, Dobbie's Selected. This Parsley has long been recognized as the standard of excellence in critical English gardens and is much esteemed for its firmness and close habit. Original packets, 15 cts.

Dobbie's Selected Parsnip. This seed has been selected with the greatest care from roots of the finest form and quality. No other stock can compare with it for size and appearance, being of a beautiful pearly white color. Original packets, 15 cts.

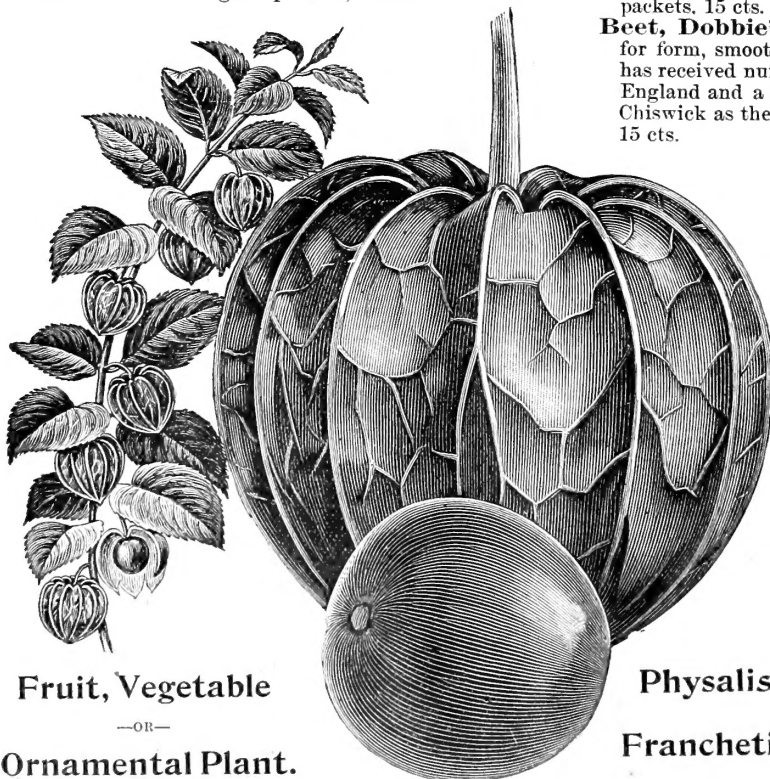

Brussels Sprouts, Dobbie's Selected. This strain has been carefully selected by Mr. Dobbie for a number of years and is of superior excellence. The cultivation of Brussels Sprouts is becoming more general in this country, where it is becoming better known and appreciated for its fine qualities as a vegetable. Original packets, 15 cts.

Beet, Dobbie's Selected. This strain is unequalled for form, smoothness, color of the root, and quality. It has received numerous first prizes at the leading shows in England and a certificate at the Vegetable Conference at Chiswick as the best type of dark beet. Original packets, 15 cts.

Turnip, Dobbie's Model White. This variety is remarkable for its fine form, earliness and quality, and cannot be too strongly recommended. It is the greatest advance in white varieties that has been seen. Original packets, 15 cts.

PHYSALIS FRANCHETI.

A novelty of sterling merit introduced from Japan by Messrs Veitch & Sons, of Chelsea, London. It is of a very striking appearance, producing bright red fruits, which are enclosed in a semi-transparent calyx or leafy capsule of an oval, conical shape, generally measuring about 3 inches in length, and from 7 to 8 inches in circumference, and varying from bright orange-scarlet in color when nearing maturity. The plant is of sturdy habit, upright, unbranched, and grows about 1½ feet in height. It should be treated in the same way as Tomatoes to which it is related, and will make a fine display during the Fall months. 10 cts. per pkt.; 50 cts. per ¼ oz.; \$1.50 per oz.

Mushroom Spawn.

The best results are obtained by the use of our superior Mushroom Spawn, which is largely used by the most successful growers around Philadelphia. Full and explicit instructions are contained in our circular, "How to Grow Mushrooms Successfully," which we will mail free on application.

Best English Milltrack Spawn. Per brick, 12 cts; 100 bricks, \$10.00; 100 lbs. \$7.00; 1,000 lbs., \$65.00.

Home Made Mushroom Spawn. This spawn is prepared with the utmost care and is guaranteed to give perfect satisfaction. 10 lbs. \$1.00; 100 lbs. \$8.00; 50 lbs. \$5.00.

French Spawn in 3 lb. boxes, \$1.00.

Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

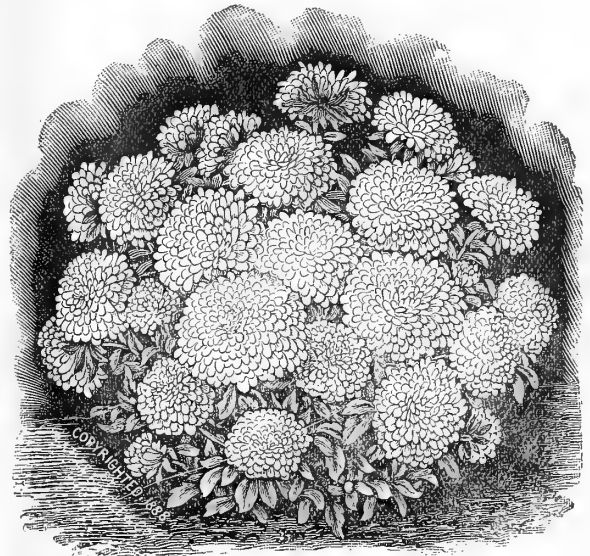

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Asters, Cineraria, Calceolaria, Gloxinia, Pansy, Petunia, Primula and Verbena, which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

ASTERS—American Grown.

The following two varieties are of American origin, and the seed we offer has been saved from extra choice strains. As a florist flower they fill a long felt want, being the latest Aster to flower and come in at a time when other flowers are scarce.

Aster, Vick's Branching White, *flowers pure white, of good size, borne on long stems with broad, long petals, (see cut). Trade pkt. 40 cts.; oz. \$2.00.*

Aster, Semple's Branching, *plants of branching habit, producing on long stems flowers of perfect form, from 4 to 6 inches in diameter. Mixed colors. Trade pkt. 40 cts.; oz. \$2.00.*

	Trade pkt.	Per oz.

Counter Case Collection of Dreer's Reliable Flower Seeds.

Every Florist should carry a line of our Reliable Flower Seeds. They "sell on sight," and you double your investment with the minimum of trouble.

They are put up in the finest possible style, Imported Lithographed Bags, highest grade seeds, and enclosed in handsome polished hard wood glass top counter case, which shows them to best advantage and at the same time keeps them clean and free from dust.

The case has 24 compartments, and the collection is made up of 10 packets each of the following 24 popular varieties: Alyssum, Antirrhinum, Aster, Balsam, Calendula, Centaurea, Chrysanthemum, Convolvulus, Dianthus, Eschscholtzia, Gaillardia, Larkspur, Marigold, Marvel of Peru, Mignonette, Nasturtium Tall, Nasturtium Dwarf Pansy, Petunia, Phlox, Poppy, Portulaca, Stocks, Sweet Peas.—240 packets at 5c. each=\$12.00 retail. Wholesale Price, \$6.00, including case.

Plants for Florists.

Our measurements of plants where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

NEW
DWARF ALLAMANDA.

ALLAMANDA WILLIAMSII.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are from 3½ to 4½ inches in diameter, of a very rich yet delicate tint of yellow, and are deliciously scented. Good young plants, 25 cents each, \$2.50 per dozen.

Ampelopsis Veitchii.

We have a large stock of this popular plant, which is always in strong demand; one-year old plants in 3 inch pots (pot-grown) \$1.00 per doz.; \$8.00 per 100; \$7.00 per 1000.

Akebia Quinata.

One of the most hardy plants, bearing in early spring a profusion of fragrant, violet brown flowers.

2½ inch pots,	60 cts. per doz.;	\$5 per 100.
3 " " "	1.00 " "	8.00 " "
4 " " "	1.25 " "	10.00 " "

Achillea Serrata Plena.

(The Pearl.)

A decided improvement over the old double white Achillea, and most useful plant for summer cut flowers; flowers pure white, perfectly hardy.

Field grown clumps \$1.25 per dozen, \$10.00 per 100.

Anemone Whirlwind.

A new semi-form of Anemone Japonica Alba which is supposed to be a cross between this beautiful variety and a Japonica Rosea. In general style and habit it is identical with the white Anemone. It is of the same strong habit of growth, and even more free-flowering than the original type. The flowers, which are 2½ to 3 inches across, have several rows of pure white sepals, and the advantages of lasting much longer than the single varieties.

Strong pot grown plants from four inch pots, per doz. \$1.00; \$8.00 per 100.

Ardisia Crispa.

Similar to Ardisia Crenulata in every way, except that the fruit is much larger and of a darker, richer color.

2½ inch pots,	75 cts. per doz.;	\$6.00 per 100.
3 " " "	\$1.25 " "	10.00 " "
4 " " "	3.00 " "	20.00 " "
5 " " "	5.00 " "	40.00 " "

The 4 and 5 inch pot plants should fruit this season.

Anemone Japonica.

Alba. Pure white, with yellow centre and dark eye. Very free bloomer.

Rosea. Dark rose, shaded pink, yellow centre, dark eye. 3 inch pots, \$1.00 per dozen; \$8.00 per 100.

New Anemone— Lady Ardilaun.

A variety of the old hardy White Anemone Japonica, but entirely distinct in foliage and growth, producing flowers much larger, with broader petals, and of a wax-like substance.

3 inch pots, \$1.00 per doz.; \$8.00 per 100.

ARDISIA CRISPA.

Abutilon Souvenir de Bonn.

A most distinct and striking novelty and the most wonderful variegated Abutilon yet introduced. The foliage is large and of a deep green color, not mottled and marbled as in all other forms of variegated Abutilons, but each leaf is edged with a broad white margin, not unlike the silver-leaved Geraniums. The plant is of strong robust growth, and forms beautiful specimens in a very short time. We know of no variegated plant introduced within recent years which has pleased us so much as this silver-edged Abutilon. 75 cts. per doz. ; \$6.00 per 100.

Acalypha Macafeana.

This plant is certain to become popular when its fine bedding qualities become better known. It is especially valuable for use in connection with Crotons and other foliage plants.

We have a large stock in 2½ inch pots at 75 cts. per doz. ; \$6.00 per 100.

Amaryllis.

	Per doz.	Per 100.
Atamasco (<i>Zephyranthes</i>) Alba	\$ 50	\$\$\$2 50
Formosissima (<i>Jacobeae Lily</i>).....	60	4 00
Johnsoni Scarlet, striped white. We have a large stock of this handsome Amaryllis. \$3.50 per doz. ; \$25.00 per 100.		
Vittata new Seedlings mixed. \$3.50 per doz., \$26.00 per 100.		

Anthemis Tinctoria.

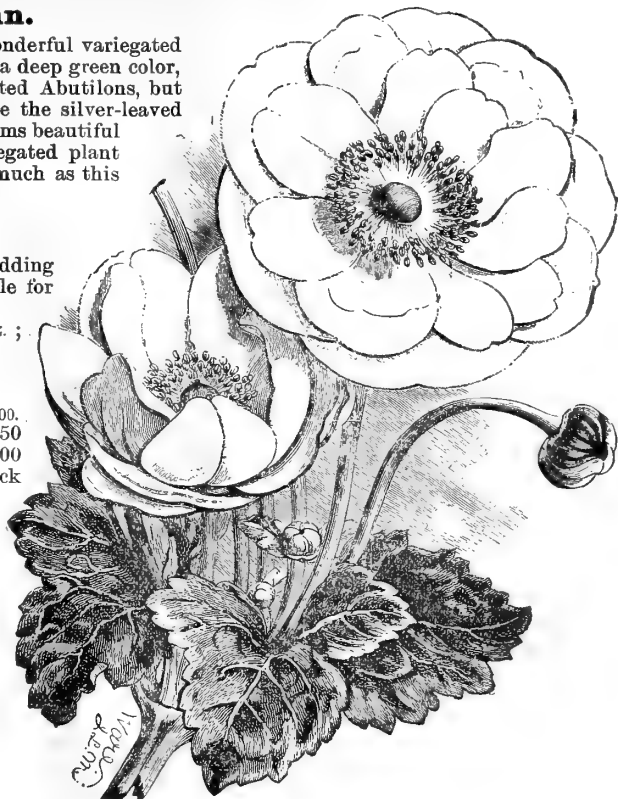

A hardy golden marguerite producing single yellow flowers during the entire summer ; very useful for cutting purposes and perfectly hardy.

2½ inch pots, 60 cts. per doz. ; \$4.00 per 100.

Anthemis Tinctoria Kelwayii.

A much improved form of the above with much larger flowers.

2½ inch pots, 60 cts. per doz. ; \$4.00 per 100.

NEW ANEMONE, LADY ARDILAUN.

Anthurium Scherzerianum.

Good strong thrifty plants in 4 inch pot, 75 cts. each.

Aralia Sieboldii.

(Green Leaved.)

Fine plants in 4 inch pots, 30 cts. each ; \$3.00 per doz.

Acer Polymorphum.

(Japanese Maples.)

We offer three of the most distinct varieties that are best adapted to our climate.

Good plants 12 to 15 inches high, 30c. each ; \$3.00 per doz.

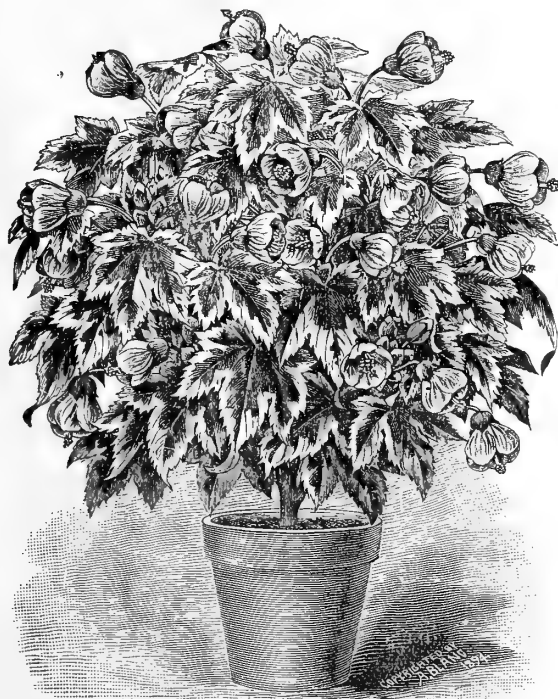

Aralia Chaubrieri.

An elegant plant for table decorations with fern-like dark green leaves, brightened by crimson midribs ; strong plants in 5 inch pots, \$1.50 each.

Asparagus Plumosus Nanus.

We still offer a good stock of 2 inch pot plants, seedling stock, which is very much superior to old divided stools.

\$1.00 per doz. ; \$8.00 per 100 ; \$70 per 1000.

ABUTILON SOUVENIR DE BONN.

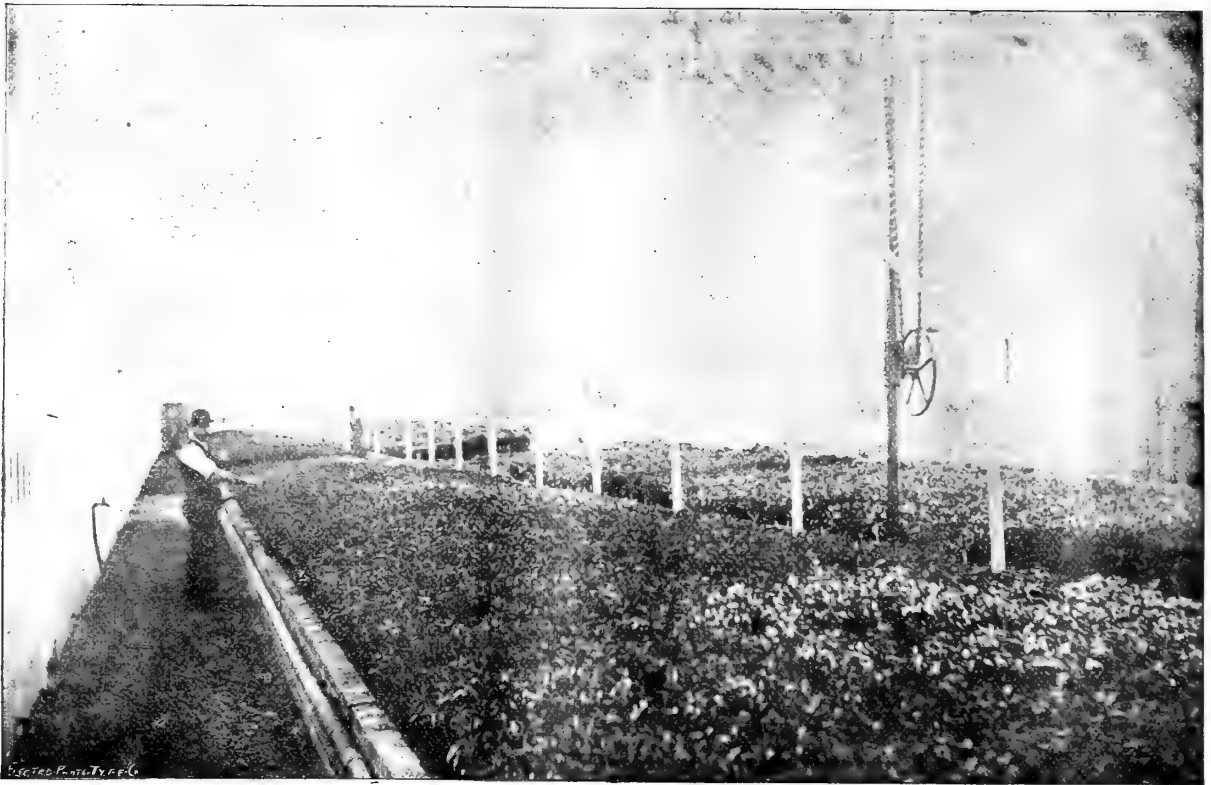

Ophiopogon Jaburum Variegata.

A pretty variegated Japanese plant with narrow grass-like foliage which is of a dark green color with golden yellow margin ; it grows about 12 inches high bearing pretty graceful lilac purple flowers ; a most useful decorative plant.

30 cents each ; \$3.00 per dozen.

ASPARGUS PLUMOSUS NANUS.

VIEW OF HOUSE OF AZALEAS, 252 X 25 FEET.—From a photograph.

Azaleas for Easter Forcing.

We can still supply a fine lot of Indian Azaleas in well-furnished budded plants of the best varieties.

As these plants can be more safely shipped when in buds, we wish to impress the importance of early orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

Five inch pots, with fine bushy crowns 10 to 12 inches in diameter, well set with buds, \$5.00 per doz. ; \$40.00 per 100.

Six inch pots, beautiful plants with very bushy crowns 12 to 15 inches in diameter, well set with buds, \$9.00 per doz. ; \$70.00 per 100.

A grand lot of specimen plants 18 to 24 inches in diameter, \$3.00 each ; \$36.00 per doz.

Azalea Pontica.

(Hardy Ghent Azalea.)

A fine lot of bushy plants 18 to 24 inches high, nicely set with buds, \$6.00 per doz. ; \$45.00 per 100.

Arundo Donax Variegata.

A hardy broad leaved variegated ornamental grass, growing 6 to 8 feet high. \$2.00 per doz. ; \$15.00 per 100.

Arundo Donax.

A green leaved form of the above which if planted in rich wet soil will attain a height of 15 to 18 feet.

\$1.00 per dozen ; \$8.00 per 100.

Aristolochia Sipho.

(DUTCHMAN'S PIPE VINE.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per doz. ; \$30.00 per 100.

Aristolochia Elegans.

A nice lot of three inch pots of this pretty tender climber. \$1.25 per dozen.

Araucaria Excelsa Glauca.

A grand lot of specimen plants in 8 inch pots, 24 to 30 inches high, 5 to 6 tiers, \$6.00 to \$7.50 each.

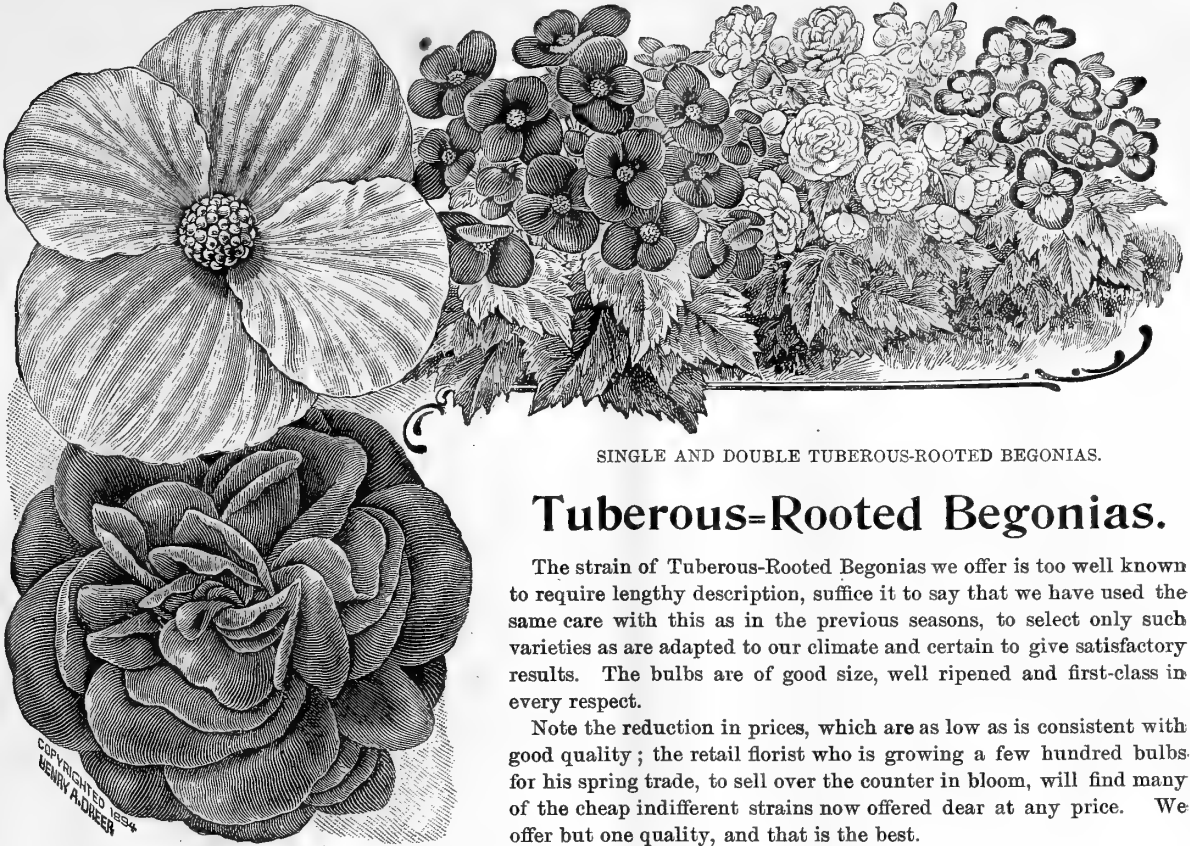

Araucaria Excelsa.

	Inches High.		Each.	Per doz.
4 inch pots,	6 to 8	2 tiers,	60	\$7 00
6 "	14	3 to 4 tiers,	1 50	18 00
7 "	36	5 to 6 "	3 00	
8 "	36 to 42		5 00	

Of the latter, there is a beautiful lot of perfect specimens.

ARAUCARIA EXCELSA.

SINGLE AND DOUBLE TUBEROUS-ROOTED BEGONIAS.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care with this as in the previous seasons, to select only such varieties as are adapted to our climate and certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Flowering. Scarlet, Orange, Crimson, Pink, White, Yellow. \$3.00 per 100, \$25.00 per 1000.

Single Flowering. All colors mixed. \$1.50 per doz., \$2.50 per 100, \$22.50 per 1000.

Double Flowering. Scarlet, Pink, White, Yellow. \$10.00 per 100, \$95.00 per 1000.

Double Flowering. All colors mixed. \$1.25 per doz., \$9.00 per 100, \$80.00 per 1000.

Begonia Rex.

We offer 12 distinct varieties, 3 inch pots, \$1.00 per doz.; \$8.00 per 100.

Begonia Haageana.

We consider this the finest ornamental flowering Begonia yet introduced and is a perfect gem. It is of German origin and was introduced some two years since, but by some strange coincidence it originated about the same time as a seedling in a private establishment near Germantown, Philadelphia, from where we secured our stock, intending to disseminate it under the name of *Excelsior*; but after comparison, finding it to be identical with *Haageana*, we retain the name under which it has originally been introduced.

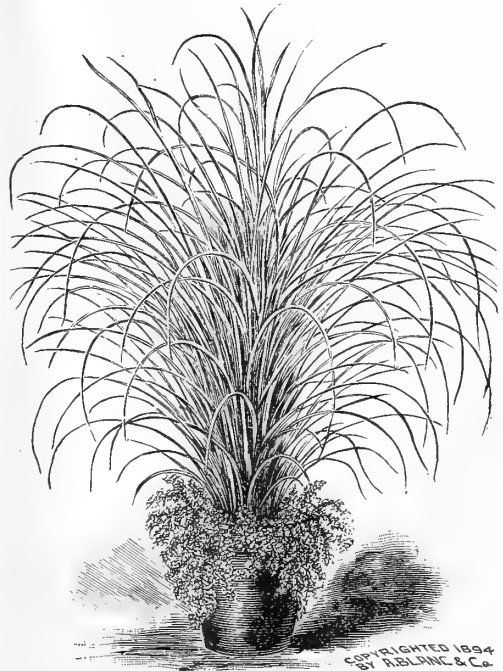

It is of strong, erect habit, producing naturally very symmetrical plants, which are in flower the year round; the flowers, which are of the largest size, are of a creamy white with just sufficient pink to give them a bright, cheerful glow; the foliage is of a large size, but not coarse; is of a bronzy green above and red below; it makes an admirable pot plant and at the same time is an excellent variety for out-door bedding.

2½ inch pots, 20 cts. each; \$2.00 per doz.

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage edged with white. It is extremely easy to grow and makes a most excellent plant for house culture as well as for the garden, where it is said to be quite hardy.

2 in. pots, \$1.00 per doz.; \$8.00 per 100.

CAREX JAPONICA VARIEGATA.

Bougainvillea Glabra Sanderiana.

A new variety of Bougainvillea and a plant that we feel certain will become very popular as a pot plant. We give the introducer's description: "It affords us great pleasure to offer this new and by far the most useful flowering plant known. We have grown this new Bougainvillea in a green-house, where it has continued flowering for seven months, small and large plants alike being covered with blossoms. Even plants in thumb-pots were laden with blooms. The house in which our plants have been cultivated has been a sheet of flowers from May until December, and even up to the first of the year the plants were carrying thousands of their brilliant blossoms. Many excellent judges state that this will be a favorite market plant, as it produces as freely as a Fuchsia its dazzling *rosy crimson flowers*, lasting so long in perfection, and produced in smallest pots, under all conditions, in amazing profusion. We can, with all confidence, recommend this grand plant as a great acquisition." Strong 3 inch pots, 30 cents each.

Camellia Japonica.

We are offering this season the finest lot of Camellias we have ever been able to present. The plants are in a remarkably fine condition, clean, healthy and perfect in every respect.

		Per doz.	Per 100.
5 inch pots,	18 to 20 inches high,	\$ 9 00	70 00

7 " " "	24 to 28 " " "	15 00	110 00

New Carnations.

Della Fox. A new variety of great merit, being on the style of the popular Daybreak, but darker in color, with stems 24 inches long; one of the strongest growing and freest flowering varieties in cultivation.

Annie H. Lonsdale. This variety has the same general characteristics as Della Fox, but is of a pure white color; very fine.

Well-established plants, in 2½ inch pots, ready in March. \$1.50 per doz.; \$12.00 per 100.

Hill's New Carnations for 1896.

Jubilee. The red Carnation for which everybody has been looking. Color intense scarlet of the richest shade. One of the largest flowers among reds. Stems slender, but very stiff; averages 18 inches in height. Calyx very strong, never bursts; flower quite full and well built. A persistent bloomer, and very free. Grass stiff and compact. We have grown it three winters to our entire satisfaction, and to the delight of cut flower dealers. It is a splendid keeper and shipper, having taken **First Premium** over all **Reds** at the Boston Carnation Show, February, 1895, after traveling from Indiana. Certificate of the National Society at Indianapolis, 1894.

Triumph will not take rust, though surrounded by it. Color is a pure pink of yellowish tinge, and never shows a touch of purple; one of the very largest blooms that we know of; stem perfectly erect and from 2 to 3 feet long. Has a strong calyx that never bursts; is very prolific, and responds to very ordinary culture; a strong, heavy grower; entirely free from disease; a splendid keeper and traveler. Blooms sent from Indiana were certificated at Boston by the National Carnation Society, February, 1895.

Armazindy. Color is pure white, very lightly penciled with scarlet; can almost be used as a white; the stem is very stiff and quite slender, nearly 3 feet high. The flower is large and never bursts. This variety also is entirely rust proof, and free from all other diseases. This variety also traveled to Boston in March, 1895, and was awarded certificate.

Abundance. A unique pink Carnation. We do not believe that any other Carnation extant will produce as many blooms. It is continuous throughout the year, with a profusion to each plant; it is a dwarf, slender grower, stems averaging about 12 inches. Color salmon pink, approaching red. Perfectly clean and healthy, and with strong calyx. We believe that this variety will become a necessity to every Carnation grower.

Date of dissemination will be announced in our January list, probably March 1. Price, \$10 per 100; \$75 per 1000. Orders booked now. We have an immense stock of all four varieties, and have already booked several thousand.

Well-established plants, in 2½ inch pots, ready in March. \$1.50 per doz.; \$12.00 per 100.

Marguerite Carnations.

A fine lot of one year old plants that have been wintered in a cold frame. \$1.00 per dozen; \$8.00 per 100.

New Large Flowering Dwarf French Cannas.

The Most Desirable Bedding Plant for the American Garden.

Novelties for 1896.

QUEEN CHARLOTTE.

Flamingo. One of the finest solid crimson varieties yet introduced, with large flowers over 4 inches in diameter; heavy in texture and of the most refined reflexed form so much sought after, and which is found in very few varieties; they cluster around the stem in an even manner, giving the truss the grace and finish of a Hyacinth spike; the size of the truss is very large, its habit is perfect, strong and compact, growing about 3 feet high. Price 75c. each.

Furst Bismarck. A most desirable variety of German origin, with intensely rich crimson flowers of large size; the petals, which are shell-like and of great substance, are very broad, forming a large round flower; the habit of the plant is perfect, being dwarf and compact. Price 75c. each.

Franz Buchner. Entirely distinct from all others, color a deep orange suffused with scarlet, with a delicate waxy fringe of yellow around the edge of the petals. \$1.00 each.

Francois Billard. Very large flower of a rich crimson with dark shadings, producing large compact trusses of flowers arranged well above the foliage. Price 75 cts. each.

Gloire de Lyonnaise. Distinct from all other varieties, ground color being a light canary yellow, which is peculiarly mottled and marked with crimson scarlet; the flowers, which are of good size, are arranged in large, loose trusses. 75c. each.

Souvenir du President Carnot. A distinct bronzy foliage variety with very large flowers of a rich vermilion scarlet. This one of Crozy's novelties, and described by him as one of the very best of his recent introductions. Price 75c. each.

Paul Lorenz. One of the dwarfest varieties in cultivation; flowers of large size of rich blood red, shaded amaranth. \$1.00 each.

One of each of the seven new varieties for \$3.50.

Novelties of 1895.

New Crimson Canna, "Ami Pichon." This may be called an improvement on Explorateur Crampbel, to which it is similar in style of flower and color, though brighter in its markings than that standard variety. The flowers, which are of a very large size, are of a bright crimson with very deep crimson markings; the habit of the plant is strong, of symmetrical growth, about 5 feet high, with rich deep green foliage. 25 cts. each, \$2.50 per doz.

Columbia. A variety of American origin and a perfect gem, it has an entirely distinct habit of growth and the character of the flower is equally distinct; color rich cardinal red. The most peculiar characteristic of the plant is its branching habit, sometimes having three or four trusses of bloom on the same spike all open at the same time, producing a mass of blooms at an even height. 25 cts. each, \$2.50 per doz.

Amiral Avellan. We consider this the best of all the dark leaved varieties. The flowers, while not as large as some of the latest introductions, are of good size, with heavy strong petals which open out evenly, it is of a rich orange-scarlet color overlaid with salmon in such a manner as to give the whole a peculiarly rich luminous appearance. It is about 5 feet high, and always forming fine symmetrical plants. 25 cts. each, \$2.50 per doz.

F. R. Pierson. Another very distinct variety with large intense glowing scarlet flowers, the center of each flower being touched with yellow, giving it the effect of a golden heart, intensifying the brilliancy of the scarlet and adding to the beauty of the flower. It is a compact grower and a free bloomer, but its particular value lies in its exquisite coloring, large size of truss, and perfect flower. 25 cts. each, \$2.50 per doz.

Paolo Radaelli. The highest colored of all the gilt-edged varieties, with flowers of the richest dazzling crimson, which have a narrow but bright golden yellow border. The flowers, which are larger than the preceding varieties, are produced in large somewhat drooping spikes; about 3 feet high with rich pea-green foliage. 25c. each, \$2.50 doz.

Queen Charlotte. Considered by many the finest of all the gilt-edged varieties. The plant attains a height of about 3 feet, and is furnished with heavy bluish green foliage; the enormous flower spikes towering grandly above the foliage, bear a beautiful bouquet of large flowers of perfect form, with petals of a rich scarlet crimson, banded with bright canary yellow. 15 cts. each, \$1.50 per doz.

Souvenir de Antoine Crozy. This is a perfect gem, and in our estimation the finest gilt-edged variety yet introduced; the flowers are large, with well-rounded petals, which are of intense scarlet crimson, rich and dazzling, and are bordered with a broad rich golden yellow border, and does not fade or scorch in the most intense hot and dry weather, 3 feet high. 35 cts. each, \$3.50 per doz.

Eldorado. This grand variety is of the highest quality as regards either size of flower, habit of plant or size of head of bloom. The flower is not a perfectly pure yellow, but is so nearly so as to show no trace of color at a short distance. It is very finely speckled with the lightest red, which is apparent only upon close examination, 3½ feet high. 25 cts. each, \$2.50 per doz.

Comte de Bouchaud. This variety is identical in color with that fine variety, Florence Vaughan, from which it differs only in the size of the flowers, which are fully one-sixth larger; color, rich bright golden yellow, spotted with bright red; this is undoubtedly the finest dark yellow spotted variety yet introduced; grows about 4½ feet high; 25 cts. each, \$2.50 per dozen.

CANNAS.—Twelve Standard Varieties.

The twelve fine varieties offered in the following collection we have grown in very large quantities. It consists entirely of standard well tried sorts. We can recommend these for all purposes, especially for massing in large quantities. Our large stock enables us to offer them at a very low price.

Alphonse Bouvier. This is, all points considered, probably the grandest variety yet introduced. It is a remarkably luxuriant grower, in rich ground attaining a height of 6 to 7 feet. In color, it is of a rich, brilliant crimson, almost approaching scarlet when it first opens, changing to a deep, dazzling crimson as the flowers fully develop. 75 cts. per doz.; \$5.00 per 100.

Charles Henderson. A grand variety introduced three years since, of a fine crimson color that has become very popular. While it is not quite as rich in color as Alphonse Bouvier, its habit of growth is much more compact and uniform, rarely exceeding 3½ feet in height, which makes it a desirable companion to such varieties as Florence Vaughan and Madame Crozy. 75 cts. per doz.; \$5.00 per 100.

Camille Bernardin. A strong growing variety attaining a height of 5 to 6 feet, producing very large salmon colored flowers, with broad shell-like petals, very distinct; foliage green. 75 cts. per doz.; \$5.00 per 100.

Denil de St. Grevy. A grand acquisition; flowers of good size with well-rounded heavy petals of the most intense rich orange scarlet; foliage bronzy purple; very effective. 4½ feet. 75 cts. per doz.; \$5.00 per 100.

Explorateur Crampbel. Flowers of good size, borne in large heads and thrown well above the foliage. Its color is a bright orange crimson with deep crimson markings; foliage green. 4 feet. 75 cts. per doz.; \$5.00 per 100.

Florence Vaughan. Undoubtedly one of the finest yellow spotted varieties yet sent out; in color it is of a bright rich golden yellow, spotted with bright red; the flowers, which are of the largest size, of great substance and of perfect form, are borne in large heads and in the greatest profusion; the foliage is massive and of a rich green color; the plants rarely exceed 3 feet in height. \$1.00 per doz.; \$8.00 per 100.

Kaiser Wilhelm II. Flowers not as large as some of the French varieties, but still of good size, and especially valuable on account of its exceedingly floriferous character. It is of a bright red color, and the flowers are borne on stout, erect stems, well above the foliage. It attains a height of about 3 feet. 75 cts. per doz.; \$5.00 per 100.

L. E. Bally. Flowers of large size of a light canary yellow, spotted with orange; petals heavy and broad; foliage green; plant a strong, symmetrical grower, very desirable. 3½ feet. 75 cts. per doz.; \$5.00 per 100.

Madame Crozy. Flowers of a dazzling crimson scarlet, bordered with golden yellow; a marvellous and rich combination of colors. The plant is of vigorous growth, yet very dwarf in habit, rarely exceeding 4 feet in height. The foliage is of rich, cheerful green, and very massive. The flowers are produced on large branching stems which are filled with bloom, each stem being really a bouquet in itself. 75 cts. per doz.; \$5.00 per 100.

Maurice Mussy. Rich satiny vermillion scarlet, of large size, with broad rounded petals of good substance; the plant is vigorous and very uniform in its growth, attaining a height of about 4 feet. 75 cts. per doz.; \$5.00 per 100.

Paul Marquant. One of the most pleasing on account of its large size and entirely distinct color. The flowers stand out from the spike separately in such a manner as to attract special attention. Its color is frequently compared in softness to an orchid, is of a bright salmon scarlet, passing to a rosy carmine with a peculiar silvery lustre, which lights up the salmon very brightly. 3 to 3½ feet in height. 75 cts. per doz.; \$5.00 per 100.

Rose Unique. The nearest approach to a rose color yet introduced, of a remarkably vigorous but dwarf growth, attaining a height of 3½ feet. 75 cts. per doz.; \$5.00 per 100.

General Collection of Dwarf French Cannas.

Antoine Crozy. Strong vigorous grower and free blooming bright cherry carmine. 4½ feet.

Belle Bordure. Clear yellow, lower petals spotted red. 3 feet.

Comte Horace de Choiseaul. Flowers of a deep crimson of a large size; foliage deep green.

Cronstadt. Flowers very large, rich orange, slightly flaked with carmine, entirely distinct and very desirable; foliage bronzy purple. 4½ feet.

Colonel Dodds. A peculiar shade of rosy salmon; foliage dark green. 3½ feet.

Edward Mieg. Very large flowers in immense trusses of a rich vermillion scarlet; a strong, robust grower with dark green foliage, attaining a height of 3½ feet.

Engineer Alphand. Bright reddish carmine with bronzy foliage. 4 feet.

Gen. de Miribel. A unique shade of apricot tinted salmon, very distinct. 4 feet.

Geoffrey St. Hillaire. Large flowers of a rich scarlet overlaid with orange, bronzy purple foliage. 4½ feet.

J. C. Vaughan. Large deep vermillion orange, large truss, foliage bronzy purple. 4½ feet.

J. Thomayer. Flowers of large size, most intensely rich orange scarlet; foliage of a rich bronzy purple. 4 feet.

Martin Cahuzae. Flowers of good size and substance, produced in large compact heads of a light canary yellow with dark spots. 3 feet.

Milet Fils. Large crimson shaded amaranth; foliage green. 4½ feet.

Mrs. Sarah Hill. Flowers of a rich carmine, of good size; foliage green. 3½ feet high.

Paul Bruant. Intense orange scarlet with peculiar satiny surface; foliage dark green. 4½ feet.

Paul Sigrist. A pretty gilt-edged variety, of a rich dazzling crimson with a broad golden yellow border; this variety shows up well in a wet season or where it can be liberally supplied with water.

Perfection. Bright golden yellow flowers, minutely spotted with cinnamon red; foliage red. 3½ feet.

Princess Lusignani. Bright glowing orange scarlet shaded crimson; foliage green. 3 feet.

Progression. Bright yellow spotted with crimson.

Professor Gerard. Flowers of a rich crimson scarlet, thrown well above the foliage, which is broad and massive, of a dark green color with purple edges and stems. 4½ ft.

Secretary Stewart. Flowers of a bright garnet, borne in large spikes, the flowers being well separated on the spike; foliage green. 4 feet.

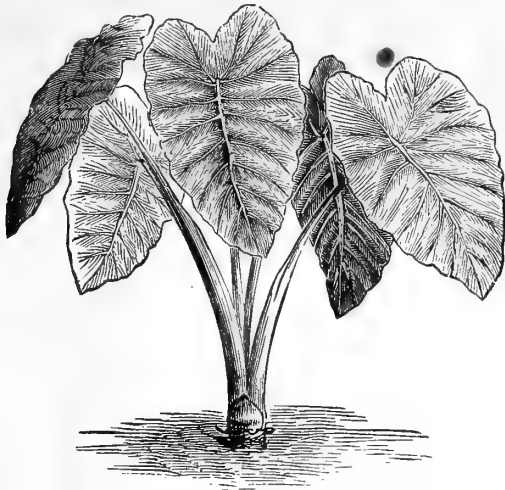

Stadgartner Sennholz. Flowers of medium size, of the most intense brilliant crimson scarlet; foliage bronzy purple. 4½ feet.

Senator Montefiore. Ground color yellow, striped and splashed with orange and salmon; foliage green. 3½ feet.

Sophie Buchner. The strongest growing Canna of the Crozy type in cultivation, with large massive Musa-like foliage of a deep green color, which in rich soil will attain a height of 8 feet or more; the flowers are of a light scarlet overlaid with orange, and are produced in bold heavy spikes.

Troadero. Bright crimson scarlet overlaid with orange; foliage green. 5 feet.

75 cents per dozen; \$5.00 per 100; \$40.00 per 1000.

CALADIUM ESCULENTUM.

NEW COLEUS, MRS. F. SANDER.

Coleus, Mrs. F. Sander.

This splendid new Coleus differs from all other varieties in having a wedge of creamy white in the centre of the leaf, with a clearly defined margin of oxide green, bronze, crimson and purple. It is the most beautiful and distinct variety yet raised. 75 cents per dozen ; \$5.00 per 100.

Crotons.

We offer 10 choice varieties. \$10.00 per 100 ; set of 10 for \$1.50.

Carex Japonica Variegata.

A pretty, new ornamental sedge, with graceful foliage, which is of a bright green color, edged with white. It is extremely easy to grow, will stand a dry, heated atmosphere with impunity, and will succeed under almost any conditions. It is an admirable addition to our list of house plants. 2½ inch pots, \$1.25 per dozen ; \$10.00 per 100.

Mastacanthus Caryopteris.

A handsome, half-hardy perennial plant recently introduced from China. It is of a vigorous growth, producing flowers in great profusion the whole length of its branches, even young plants in small pots flowering freely. The color is a rich lavender, or sky blue. A valuable plant either for bedding or pot culture, blooming continuously from mid-summer until cut by frost in the field. \$1.00 per dozen ; \$8.00 per 100.

MASTACANTHUS CARYOPTERIS.

CYPERUS ALTERNIFOLIUS GRACILIS.

Cyperus Alternifolia Gracilis.

A pretty new variety of Cyperus with graceful narrow foliage, entirely distinct, which is certain to become very popular. 2½ inch pots, \$1.25 per dozen ; \$10.00 per 100.

CHRYSANTHEMUMS.

VARIETIES OF SPECIAL MERIT.

Set of Twenty

Fine Cactus Dahlias.

The Cactus Dahlias are now the most popular, and are favorites on account of their graceful appearance; the collection offered below is one of the finest that has ever been brought together.

Asia. Of a delicate peach color, very distinct.

Cochineal. Brilliant crimson.

Ernest Glasse. Rich purplish magentas with twisted petals.

Fire King. Dazzling scarlet, of compact habit.

Formosissima Picta. Orange color with bright scarlet stripes.

F. W. Straudling. Bright orange scarlet, a dwarf compact grower.

Henry Patrick. A fine white variety, of large size.

Honorla. Distinct from all other sorts; a peculiar shade of amber.

John Bragg. Color of the richest black maroon; flowers of good size, raised well above the foliage.

Kynerith. Brilliant vermilion, shading to a lighter shade at base of petals.

Mrs. Hawkins. Of close, neat habit; rich sulphur-yellow, shading lighter toward the tips and slightly tinted red; a lovely flower.

Mrs. Glasse. Crimson maroon, shading to scarlet towards the centre; very dwarf.

Miss Barry. Deep rosy lake; a shade quite new in this type of Dahlia.

Nymphæ. (Pink Water-Lily Dahlia). In color a clear distinct shrimp pink, shading slightly darker towards the outer petals, a color difficult to describe; this beautiful color and its form have suggested the name Water-Lily Dahlia.

Panthia. Rich reddish salmon, peculiar and striking.

Professor Baldwin. Bright orange scarlet.

Robert Maher. A rich golden yellow; the best of its type.

Robert Cannell. Rich magenta, with a decided bluish tip towards the edge of the petals.

Riesencactus. Bright red, of immense size.

Viscountess Folkenstone. Primrose yellow, deepening towards the centre.
\$1.00 per dozen; the set of 25 for \$2.00.

Set of Twelve Best Large Flowering Dahlias.

Duke of Bulgaria. Deep carmine, shaded rose, fine form.

Ernst Bahlsen. Bright orange scarlet, shaded crimson on reverse of petals.

Lehrer Carl Sachse. Bright red, tipped heavily with golden yellow.

Mrs. Stancombe. Bright canary yellow, tipped fawn.

Marguerite. Lilac pink, of fine form, one of the best.

Nero. Crimson maroon.

Penelope. White, tipped with purple, fine.

Queen of Yellows. Fine yellow.

Rising Sun. Intense bright scarlet, very dwarf.

Volunteer. Bright cardinal, of beautiful form.

Wacht am Rhine. A peculiar shade of lilac.

White Bedder. Fine white.
\$1.00 per dozen.

Twelve Best Single Dahlias.

Amie Barillet. Richest scarlet.

Blumenfalter. Rosy purple.

Edelweissfalter. Pure white.

Fashion. Crushed strawberry.

Faierfalter. Bright scarlet.

Isaac Pitman. Crimson striped maroon.

John Downie. Intense crimson.

John Cowan. Crimson shaded maroon.

John Hummerston. Pleasing buff.

Kate. Orange shaded maroon.

Miss Ramsbottom. A lovely pink.

Mrs. Kennett. Yellow striped crimson.
\$1.00 per dozen.

Twenty Fine Pomponé Varieties.

Catherine. Bright yellow, very distinct.

Crimson Beauty. Finest crimson.

Director A. Semler. White, tipped with purple.

Dandy. Crimson purple, small and pretty.

Dr. Schwabbs. Fine rich crimson scarlet.

Deutscher Turnergruss. Crimson, edged with white.

Grace. Cerise, shaded lilac.

Gem of Liliputs. Dark scarlet.

Guiding Star. One of the very finest whites.

J. E. Ohlseus. Golden yellow, of fine form.

Juliette. Yellow, shaded with orange.

Kleine Domitea. Orange buff, fine, always in bloom.

Little Najade. Rose, edged crimson.

Leila. Reddish buff, tipped with scarlet.

Mignon. Very bright crimson scarlet.

Prince of Liliputians. Deep maroon.

Unermuedliche. Lively rose.

Vivid. Bright orange scarlet, fine form, very free.

William Buchner. Lilac, tipped yellow.

W. C. Denzel. Rose, flamed pale yellow with lilac centre.
\$1.00 per dozen; set of 20 varieties for \$1.60.

Dahlia—Fern Leaved Beauty.

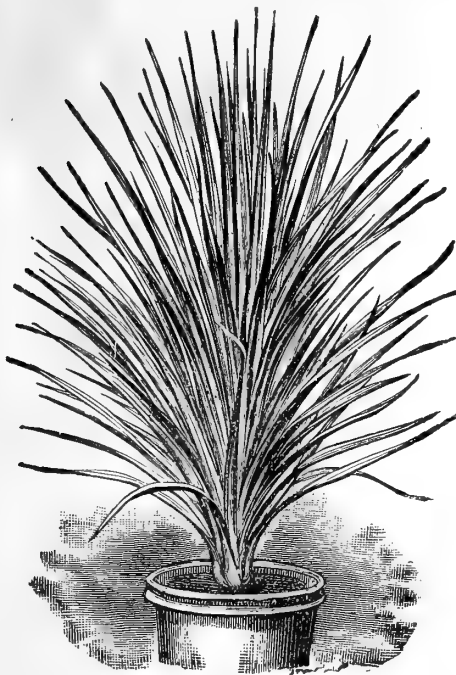

It has been called Fern Leaved Beauty on account of its very distinct foliage, which is finely cut like that of a strong growing Fern. The habit of the plant is strong but dwarf, growing about two feet high, branching near the ground and forming a compact mass of foliage, which makes it a fine ornamental plant, even without flowers. The flowers, which are produced on long stems, well above the foliage, are of medium size, with petals quilled or shell-like, regularly arranged, but standing out from each other, giving the flower a graceful elegance and freedom from stiff formality. Color creamy white, with petals heavily bordered with dark crimson, which gradually diminishes at the points of the outer petals, causing a gradual shading off of color from the centre to the edges.

25 cts. each ; \$2.50 per doz.

Dahlia—Mrs. Peart.

This is the most distinct Cactus Dahlia yet offered, and the only variety worthy of the name Cactus. It is the first real white Cactus Dahlia ever raised and a marvelous improvement upon every variety in cultivation. It stands out in bold relief from all others, and is the admiration of every one who has seen it. The plant is of medium growth, exceedingly floriferous, the flowers standing clear above the foliage ; these are of medium size, of the purest white, with a slight tinge of lemon in the centre when it first opens ; this dies off as the flower fully expands. It is of English origin and has been awarded numerous certificates and medals.

25 cts. each ; \$2.50 per doz.

DRACÆNA INDIVISA.

Dracæna Fragrans.

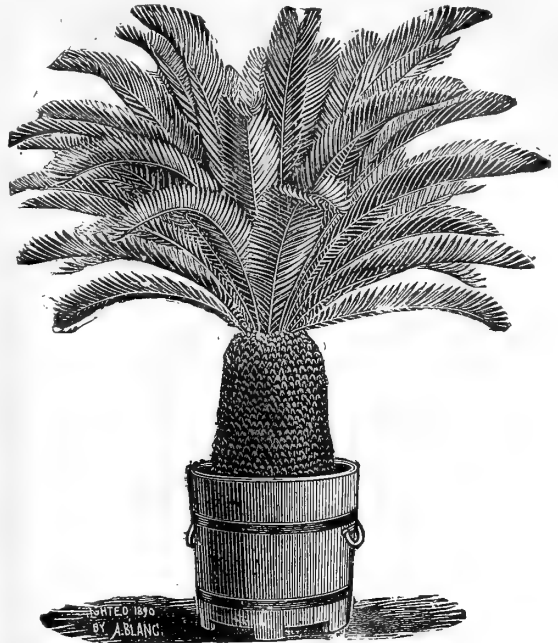

A fine lot of 2½ inch pots of this most useful decorative variety. \$1.25 per doz. ; \$10 per 100.

Dracæna (Cordyline) Indivisa.

2½ inch pots,	75 cts.	per doz. ;	\$5.00	per 100.
3 "	\$1.00	" "	7.00	" "
4 "	1.50	" "	12.00	" "

Dracæna Terminalis.

We will have ready early in March a fine lot of 2½ inch pots. \$1.00 per doz. ; \$7.00 per 100.

CYCAS REVOLUTA.

Cycas Revoluta.—(SAGO PALM.)

We are now booking orders for (dormant stems which are expected to arrive early in May ; stems from 6 to 24 inches at 15 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

We can still furnish a limited lot of established plants at from \$5.00 to \$7.50 each.

Dracæna Braziliensis.

An old variety that is not grown as largely as it deserves. It is of strong, robust habit, with dark green foliage ; useful as a plant for centres of vases and baskets.

A fine lot of 2½ inch pots ready in March. 75 cts. per doz. ; \$6.00 per 100.

Dracæna Marginata.

Fine plants of this pretty variety, 5 inch pots, 15 to 18 inches high, 60 cts. each.

Ficus Elastica.

We are now booking orders for and will have ready early in April a fine lot of Rubbers in 4 inch pots at \$5.00 per doz. ; \$40.00 per 100.

FICUS ELASTICA.

VIEW IN ONE OF OUR FERN HOUSES.

Scarce and Special Varieties of Ferns.

Adiantum Farleyense.

A fine stock of this most beautiful of all the maiden-hair varieties, in excellent condition for growing on.

Strong 2 inch pots, \$2.00 per doz. ; \$15.00 per 100.

" 3 "	3.50	" 25.00 "
" 4 "	6.00	" 50.00 "
" 5 "	9.00	" 70.00 "

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, it being a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5 inch pots,	\$1.25 each ;	\$12.00 per doz.
6 " "	1.50 " "	18.00 " "
7 " "	2.50 " "	25.00 " "
8 " "	3.50 " "	36.00 " "

Cibotium Regale.

A similar variety to the above, but with shorter, compact foliage. We offer but a very limited stock of beautiful plants, in 7 inch pots, at \$3.50 each.

Adiantum Macrophyllum.

An old but scarce large-leaved variety of Adiantum, the young fronds when first unfolding, assuming a rich bronzy, crimson color.

3 inch pots, 15 cts. each ; \$1.50 per doz.

Adiantum St. Catherinæ.

Another pretty large-leaved variety with irregular, deeply cut foliage.

2 inch pots, 10 cts. each ; \$1.25 per doz.

Davallia Fijiensis Plumosa.

One of the prettiest of the Davallias ; especially fine for growing into specimen plants ; with dark green, gracefully arching fronds.

2½ inch pots, \$1.50 per doz. ; \$12.00 per 100.

Doryopteris Nobilis.

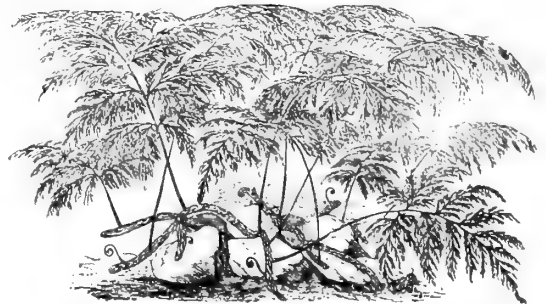

We have succeeded in growing a very fine lot of this beautiful variegated fern, which enables us to offer it at a much reduced price. We have fine 4 inch pots, 25 cts. each ; \$2.50 per doz.

Pteris Tremula Smithiana.

We have a fine lot of this beautiful crested form of Pteris Tremula in strong 3 inch pots, \$2.00 per doz.

Dicksonia Antartica.

One of the most useful tree ferns for table and room decoration on account of its hardiness. We offer a fine lot of 5 inch pots, 30 cts. each ; \$3.00 per doz. ; \$20 00 per 100.

DAVALLIA FIJIENSIS PLUMOSA.

FINE FERNS.

Our collection of Ferns has been especially selected with a view to offering only the very best for general florists' use, discarding all such as are only useful in a botanical collection.

Gaillardia Grandiflora.

This is undoubtedly one of the finest of hardy Perennials. The flowers are large, very numerous, produced on long stems, and excellent for cutting, and of the most gorgeous coloring. The centre dark-red brown, while the petals are variously marked with rings of scarlet crimson, orange and vermillion, and often a combination of all these colors in one flower. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one-year-old clumps, \$1.00 per doz.; \$8.00 per 100. 2½ inch pots, that will flower freely this season, 60 cts. per doz.; \$4.00 per 100.

Genista Andreana.

A most desirable shrub either for planting in the open border or for growing in pots as a decorative spring-flowering plant, like the well-known Genista Fragrans and Racemosa that are grown so extensively for Easter decorations; but unlike those varieties, which are entirely yellow, the flowers of this new variety, which are nearly four times as large, are produced in large branches, the lower lip a bright yellow, the upper one a rich brownish crimson.

Strong plants, \$2.00 per doz.; \$15.00 per 100.

New Double Geranium.

New Life.

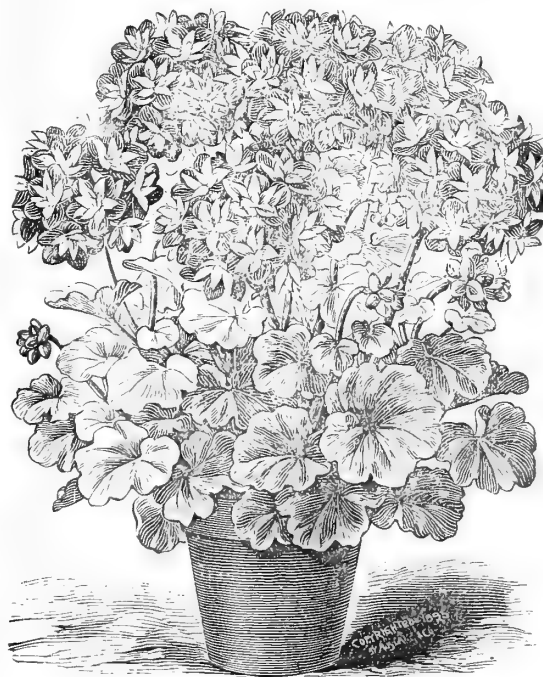

A novel and new variety, different from all others; the outer florets, which are large, are of a brilliant red. In the centre of these appears another semi-double pure white floret, effecting a charming contrast difficult to realize unless seen, and having the appearance of being produced artificially.

30 cts. each; \$3.00 per doz.

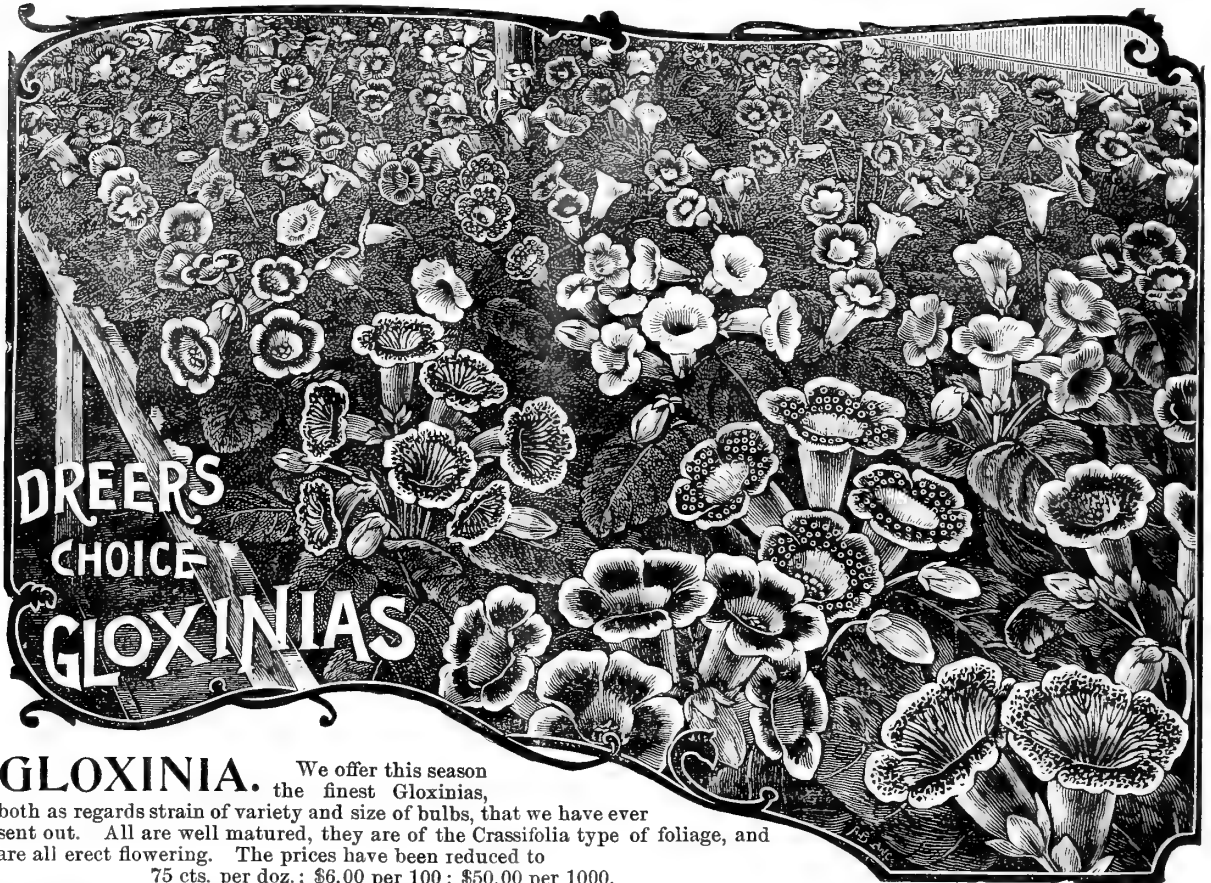

New Single Geranium.

Dieul de Mirabel. This is unquestionably the finest single scarlet yet introduced; foot stalks 15 inches long, bearing enormous trusses of immense circular florets of a velvety crimson scarlet. This variety has the largest floret and finest trusses of all the single red varieties.

25 cts. each; \$2.50 per doz.

DOUBLE GERANIUM, NEW LIFE.

GLOXINIA. We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering. The prices have been reduced to 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Named Bedding Varieties.

- Brenchleyensis.** Brilliant scarlet. This fine old variety is unsurpassed for planting in masses or groups in the background of borders, or amongst shrubbery. 20 cts. per doz.; \$1.00 per 100; \$8.00 per 1000.
- Ceres.** An excellent contrast to Brenchleyensis; ground color pure white, spotted with purplish rose. 20 cts. per doz.; \$1.25 per 100.
- Isaac Buchanan.** Pure yellow; best for massing. 60 cts. per doz.; \$3.50 per 100.
- Martha Washington.** Light yellow, tinged rose, large flowers and spike. 60 cts. per doz.; \$3.50 per 100.
- Shakespeare.** White, slightly suffused with carmine rose, large rosy blotch. 75 cts. per doz.; \$6.00 per 100.
- Snow White.** The best White Gladiolus. The flowers are of fine shape, large in size, and of a pure paper-white color; the spikes are large and set thickly with flowers. 15 cts. each; \$1.75 per doz.; \$12.00 per 100.

GLADIOLUS SNOW WHITE.

If desired by mail, add at the rate of 10 cents per dozen for postage.

Eulalia Japonica Zebrina.

Eulalia Japonica Variegata.

Eulalia Gracillima Univittata.

We have a large stock of these useful hardy ornamental grasses, and can furnish of liberal sizes at 75 cts., \$1.00, \$2.00 and \$3.00 per doz.; \$6.00, \$8.00, \$15.00 and \$20.00 per 100, according to size of plant. Extra large undivided two-year-old clumps, \$30.00 per 100.

Four New Double Geraniums.

Beranger. Very large spherical trusses; color glowing carmine, the petals showing a peculiar gloss.

D'Aubray. A dwarf, compact grower, with large semi-double flowers of a peculiar ochre red.

M. Rigotard. Large spherical trusses of bright rose shaded with salmon; in color like Daybreak Carnation.

Mlle. Dea Dieudonne. Finest double white, with large trusses and florets.

25 cts. each; \$2.50 per doz.

Hydrangea Paniculata Grandiflora.

We offer this season, for the first time, a fine lot of standard or tree-formed Hydrangeas; they are beautiful plants, and will sell on sight. Our stock is limited.

\$3.50 per doz.; \$25 per 100.

Also a fine lot of bush form 3 year old plants, bushy, 24 inches high, \$1.25 per doz.; \$10 per 100.

Hydrangeas.

Our Hydrangeas are dormant plants wintered in cold frames.

Helianthus Multiflorus, fl. pl.

Double Hardy Sunflower.

An extremely useful hardy plant; bears profusely large double flowers of a bright yellow color, which remains in perfection a long time. Every florist should grow this sort largely.

\$1.00 per doz.; \$8.00 per 100.

Helianthus Maximilliana.

A most useful single flowering variety especially valuable for cutting, it continuing to bloom very late in the fall. The flowers which are of medium size, are produced in long sprays in such a manner as to make them of most useful form for large decorations.

\$1.00 per doz.; \$8.00 per 100.

Helianthus Rigidus.

One of the best for summer cutting, flowers large bright golden yellow with lilac disc, a rapid grower, attaining a height of about three feet, and a very attractive free flowering variety.

Strong clumps, \$1.00 per doz.; \$8.00 per 100.

Heliopsis Pitcherianus.

A most desirable hardy herbaceous plant, growing from 2 to 3 feet high, and a perpetual bloomer, beginning to flower early in the season, and continuing in bloom the entire summer. The flowers are of a beautiful deep golden yellow color, about 2 inches in diameter, of very thick texture, and are very graceful for cutting.

Strong one year old plants, \$1.25 per doz.; \$10.00 per 100.

HYDRANGEA PANICULATA GRANDIFLORA.

Liliums.

Lilium Speciosum Album.

Large fragrant, pure white. Per doz. \$1.50; per 100 \$10 00.

Lilium Speciosum Rubrum.

Rosy white, spotted with crimson. Per dozen, \$1.25; per 100, \$9.00.

Speciosum Melpomene. Very large flowers, rich blood-crimson, heavily spotted. \$2.00 per doz.

Elegans Incomparable. Large orange-colored flowers borne in clusters, very free flowering. \$1.00 per doz.; \$5.00 per 100.

Krameri. Distinct from all other Lilies; large flowers, of a soft, beautiful rose color. \$1.50 per doz.; \$8.00 per 100.

Longiflorum. Extra fine bulbs of this well-known white trumpet shaped Lily. \$4.00 per 100.

Wallichianum. We have succeeded in procuring a fine stock of this most beautiful of all the Trumpet Lilies. It has immense funnel or trumpet-shaped flowers of heavy texture and of elegant color, which is of a pure white shaded with chocolate on the outside and delicately tinged with yellow on the inside. 50 cts. each.

HYPERICUM MOSERIANUM.

Linum Trigynum.

We have a fine lot of 2½ inch pots of this useful plant, 60 cts. per doz. ; \$4.00 per 100.

Lychnis.

Plenissima Semperflorens.

One of the greatest additions to our list of hardy perennials, beginning to flower early in the spring, and continuing throughout the entire summer. The flower is of a beautiful tender rose-color, and is produced in long, bushy spikes. One of its greatest advantages is its easy forcing qualities in an ordinary green-house or cool conservatory, where it will produce from October to April, with ordinary care, hundreds of flowers.

Strong plants from 3 inch pots, \$1.25 per doz. ; \$8 per 100.

Maranta Massangeana.

A most useful dwarf growing variety, with pretty mottled foliage, very desirable for use in connection with ferns for filling fern pots, jardinières, etc.

3 inch pots, \$1.25 per doz. ; \$10.00 per 100.

LYCHNIS, PLENISSIMA SEMPERFLORENS.

Hypericum Moserianum.

We take pleasure in calling attention to this beautiful plant, which has been universally admired and is acknowledged to be one of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvellously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong one year plants \$1.00 per doz. , \$6.00 per 100.

MUSA ENSETE.

Musa Ensete.

Abyssinian Banana.

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each.

Otaheite Orange.

We offer a fine lot of these in strong plants, which should fruit freely the coming season.

Strong 4 inch pots, \$3.50 per doz.

“ 5 inch pots, \$5.00 per doz.

“ 6 inch pots, \$10.00 per doz.

Pampas Grass.

We offer good strong plants from 4 inch pots at \$2.50 per doz. ; \$20.00 per 100. This is the true large plumed white variety.

Pandanus Utilis.

We still have a fine stock of good young plants.

2½ inch pots, 75 cts. per doz. ; \$6.00 per 100.

3 “ 1.00 per doz. ; \$8.00 per 100.

Pandanus Veitchii.

Fine plants at \$1.00, \$1.25 and \$2.50 each.

CROSS-FERTILIZING PETUNIAS AT OUR NURSERIES AT RIVERTON. (From a Photograph)

Dreer's Double Petunias.

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade.

\$1.00 per doz. ; \$8.00 per 100. The set of fifteen varieties for \$1.25.

Passiflora, Quadrangularis Variegata.

A pretty variegated variety having large foliage which is mottled with bright golden yellow spots, and light colored, almost white flowers.

\$1.00 per doz. ; \$8.00 per 100.

Passiflora Princeps.

We have succeeded in securing a limited stock of this scarce variety.

Strong 6 inch pots, \$1.50 each.

Hardy Garden Pinks.

Her Majesty.

This variety is a grand improvement on the popular variety known as "Snow" or "Mrs. Sinkins," to which it is superior in size of flower and freedom of bloom. The flowers which are of large size, similar to a Carnation, and of the purest white color and very fragrant, are borne on stout, erect stems, 12 inches long. It is perfectly hardy, and will winter in the open border without protection ; or may be grown in cold frames for early forcing.

Very strong one year old clumps, \$1.00 per doz. ; \$6.00 per 100.

Scotch Pinks.

Earl of Carlisle. White, laced crimson.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish maroon centre.

Prince Arthur. Crimson centre, blush lacing.

Snow (Mrs. Sinkins). Large pure white, very fragrant.

Stanislaus. Violet rose, with crimson centre.

Clumps one year old, \$1.00 per doz. ; \$8.00 per 100.

Herbaceous Pæonies.

We offer 12 distinct varieties in good strong plants, \$2.00 per dozen ; \$15.00 per 100.

New Japanese Tree Pæonies.

Twelve finest varieties. 50 cents each.

New Single Violet Luxonne.

This variety is of French origin, and was introduced to this country some four years since by Mr. Francois Supiot, the violet expert of Philadelphia. It has, as Mr. Supiot now claims, become thoroughly acclimated, and is without doubt, the most profitable single violet grown. It is of the same size as the California, but appears nearly double its size as the petals all open out flat, and has the advantage of flowering continuously from early in September until April, and does not come in crops like the California. It is of a beautiful rich, but soft violet purple color, with strong stout stems from 9 to 12 inches long, and very fragrant. Shown in competition with well grown flowers of California at the New York Flower show last Fall, it was awarded the first prize.

We can fully endorse Mr. Supiot's description of the above, and his claims that it supercedes all other varieties on the market.

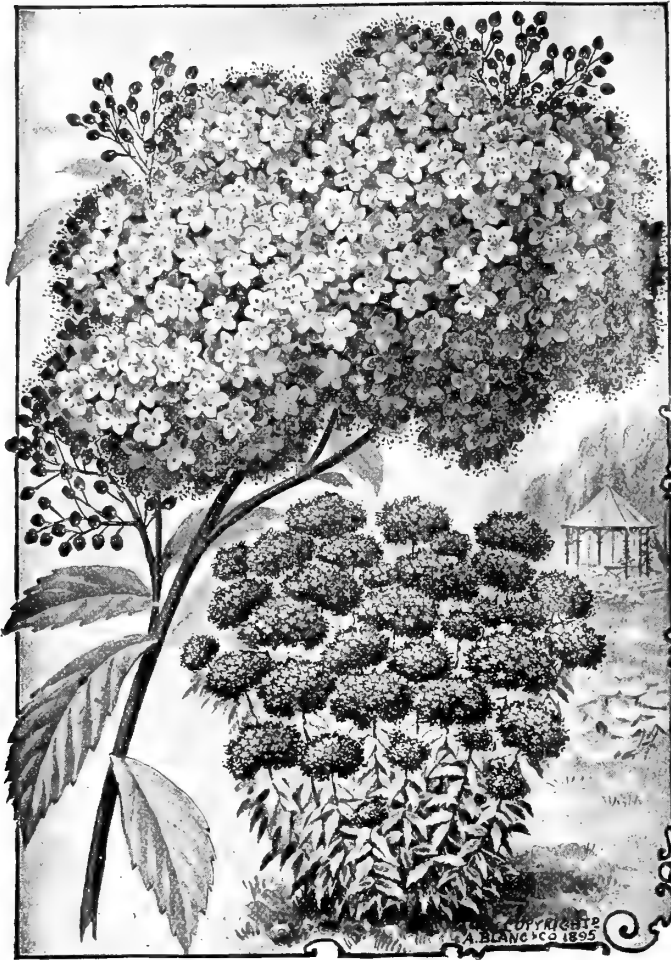

Price \$2.00 per doz. ; \$15.00 per 100.

New Red Violet.—Admiral Avellan.

Another French variety with distinct bright reddish purple flowers, entirely different from anything yet introduced.

\$2.50 per doz. ; \$20.00 per 100.

We have been appointed sole agents by Mr. Supiot for the distribution of his stock, and are now booking orders for delivery early in March for well established plants from 2½ inch pots.

SPIREA ANTHONY WATERER.

Perennial Phlox.

Our collection of hardy Phlox embraces 25 of the finest varieties in cultivation, being the cream of the new and the best out of the old standard varieties.

Strong one year old field grown plants, \$1.00 per doz.; \$6.00 per 100.

Rhododendrons.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate. We offer three sizes, and all are set with buds. Ready March 15th.

First size, 18 to 24 inches high, 10 to 15 buds, \$100.00 per 100.

Second size, 15 to 18 inches high, 8 to 12 buds, \$75.00 per 100.

Third size, 15 inches high, 6 to 10 buds, \$60.00 per 100.

Tritoma Grandiflora.

(Flame Flower or Red-Hot Poker.)

A splendid summer and autumn flowering plant, with stately flower scapes and magnificent terminal dense spikes of rich orange-red tubular flowers, known from its glowing colors as the "Red-Hot Poker Plant;" effective among shrubbery.

	Per doz.	Per 100.
Extra strong.....	\$1 50	\$12 00
Medium size.....	1 25	10 00

Viburnum Plicatum.

We have a fine stock of this beautiful double flowering Japan Snow Ball, strong bushy plants, of good form, 24 to 30 inches high, \$3.50 per doz.; \$25.00 per 100.

New Crimson Spirea.

Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spireas in brilliancy of color being of a bright crimson, of dwarfer and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall, it makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration. Strong 2½ inch pots, \$2.00 per doz.; \$15.00 per 100.

Strobilanthes Dyerianus.

A useful plant either for pot culture or for outdoor bedding, foliage of an intense metallic purple color, shading into light rose with a light green margin.

2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Swainsonia Galegifolia Alba.

A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a Sweet Pea.

It is of very easy culture, succeeding best in the temperature of a Carnation house, and will be found useful as a cut bloom for local or home trade; while as a pot plant for selling either in the market in the spring, or for window and conservatory decoration in the winter, it is certain to become very popular.

We have a large stock and are in a position to offer it at a low price.

75 cts. per doz.; \$6.00 per 100.

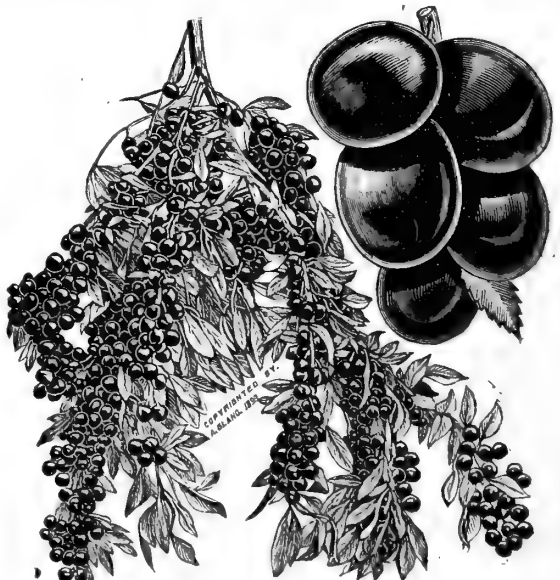

Violet California.

We offer a fine lot of 2 inch pots, 75 cts. per doz.; \$5.00 per 100.

Improved Dwarf Rocky Mountain Cherry.

This rare cherry is a native of the Rocky Mountains; for preserves or to eat out of hand, it has no equal in the line of pitted fruits. The plants are of bushy habit, growing from two to four feet high. It is entirely hardy and most desirable as an ornamental plant for the garden or lawn.

Strong 2 year old plants, 75 cts. per doz.; \$6.00 per 100.

IMPROVED DWARF ROCKY MOUNTAIN CHERRY.

From a photograph of one of our houses of *Latania Borbonica*.

PALMS.

We are the largest growers of Palms in this country. The additional 53,000 square feet of glass erected by us during the past summer of 1895 is being devoted entirely to this class of plants.

Our stock of young Palms especially, has never been so complete as at the present time, being clean, healthy and well grown, and we are certain will compare favorably with stock supplied by us in previous seasons.

We limit our list to the popular and desirable varieties for florists' use.

ARECA LUTESCENS.

Areca Lutescens.

Inch Pots.	Inches high.	Per doz.	Per 100.	Per 1000.
2½	6	75	6 00	\$ 50 00
3	12 to 15	\$1 25	\$10 00	95 00
4	15	3 50	25 00	275 00
5	15	(3 plants in a pot)		\$ 6 00
6	20 to 24	(2 and 3 plants in pot)		12 00

Specimen Plants of Areca Lutescens.

A limited lot of really grand specimen plants in 12 and 14 inch pots, from 7 to 8 feet high, bushy and perfect, at \$20.00, \$25.00 and \$30.00 each.

Cocos Weddelliana.

Fine young plants, in 2½ inch pots, about 6 inches high, at \$2.00 per doz.; \$15.00 per 100.

This Palm is considerably scarcer this season than it has been for several years, and prices are consequently 50 per cent. higher than last year.

Livistonia Rotundifolia.

One of the prettiest Palms in cultivation, especially suited for table decoration. The foliage is similar to that of a *Latania Borbonica*, but smaller and gracefully recurved, forming an almost globular plant.

We offer a limited lot of good little plants in 2 inch pots. \$2.50 per doz.; \$20.00 per 100.

Rhapis Flabelliformis.

This is undoubtedly one of the hardiest decorative Palms in cultivation, and is the true broad-leaved variety.

We offer a nice lot of 6 inch pots, about 24 inches high, single stem, with several suckers starting, at \$1.50 each.

PALMS.—Continued.

KENTIA BELMOREANA.

Kentia Belmoreana.

We call special attention to our fine stock of Kentia Belmoreana, of which we have a grand supply.

8	36 to 40	8 to 10		

A grand lot of decorative plants of exceptional value, \$4.00.

Large decorative plants, 5 to 6 feet high, with from 10 to 12 leaves, in 11 and 12 inch pots, \$7.50 to \$10.00 each.

The larger sizes of Latanias are not all perfect plants, but are good saleable plants of good value that we feel certain will give satisfaction.

Latania Borbonica Aurea.

This is the golden-leaved Latania, a rare and beautiful plant that is seldom offered. Our stock is limited.

Fine plants in 3½ inch pots, showing character nicely, \$2.50 each.

LATANIA BORBONICA.

KENTIA FOSTERIANA.

Roses—New Roses.

New Rose

Margaret
Dickson

Dormant Roses on Own Roots.

We are now in a position to offer a fine lot of two-year-old field-grown Roses on own roots. This stock is always scarce and in strong demand.

Alfred Colomb.	Magna Charta.
Anna de Diesbach.	Paul Neyron.
Baron de Bonstettin.	Prince de Rohan.
Coquette des Alps.	Blanche Moreau.
Fisher Holmes.	Princess Adelaide.
Gen. Jacqueminot.	Ulrich Brunner.
Gen. Washington.	Caroline de Sausal.
Gloire de Margottin.	Marchioness of Lorne.
John Hopper.	Victor Verdier.
Jules Margottin.	Coquette de Blanches.

Ready the latter part of October. \$1.50 per doz. ; \$12.00 per 100 ; \$110 per 1000.

Climbing Roses.

Strong two-year-old, on own roots.

Baltimore Belle.	Prairie Queen.
Greville, or Seven Sisters.	Tennessee Belle.

\$1.25 per doz. ; \$10.00 per 100 ; \$90.00 per 1000.

New White Hybrid Perpetual Margaret Dickson.

This is undoubtedly the finest Hybrid Perpetual yet introduced. We offer a fine lot of two-year-old plants, on own roots, \$2.00 per doz. ; \$15.00 per 100.

Belle Siebrecht. A superb and widely advertised new Hybrid Tea. The flowers and buds are fine size and form, very double, sweet and lasting ; color, a rich shade of true, solid pink. 2½ inch pots, \$12.00 per 100.

Pink Soupert. A seedling of *Clo-tilde Soupert*, with deeper pink flowers, —the second in a new race of Roses. 2½ inch pots, \$12.00 per 100.

Climbing Malmaison. A sport of *Souvenir de Malmaison*, having similar rich, glossy foliage and superb flesh-colored flowers. 2½ inch pots, \$15.00 per 100.

Comte de Chandon. A new free-blooming Tea Rose. Beautiful buds and flowers of medium size, semi-double and fragrant ; light golden yellow. 25 cts. each.

Madame Abel Chatenay. A free flowering, perpetual-blooming Hybrid Tea, with beautiful buds and semi-double flowers ; color rich bronzy rose, shady salmon. 2½ inch pots, \$15.00 per 100.

Madame Eugene Resal. This is a true "Daily" (Bengal Rose) of the fine *Hermosa* type, and continual profusion of bloom. The flowers are semi-double, exceedingly graceful and brilliant ; the color is a carmine-rose, with shadings of coppery-red and light yellow. 2½ inch pots, \$15.00 per 100.

Madame Wagan. Free-blooming and vigorous, with distinct, dark, rustic foliage.

The flowers are large, very double, and can be cut with long stems ; color light pink, with deep, bright centre ; yellow shadings base of petals. 2½ inch pots, \$15.00 per 100.

Souvenir De Madame Verdier. This new French Tea has beautiful buds, tinted in the center with a warm buff-yellow that changes to pure white in the open flower ; very double and sweet. 2½ inch pots, \$15.00 per 100.

Souvenir De Laurant Guillot. This is really a unique Rose of the *Madame de Watteville* type, but with wider-bordered petals of a deep carmine-rose, showing less lemon-white at their base. 2½ inch pots, \$15.00 per 100.

AQUATICS.

We have added to our list of specialties that of Aquatics. These are amongst the most popular of ornamental and flowering plants, and indispensable for the florist and gardener. We have purchased, and include with our collection, that of Wm. Tricker & Co., of Clifton, N. J., thus we have an unrivalled collection, and having devoted several acres of ground and houses for their cultivation we have unequalled facilities for growing and handling this class of plants. We have at the head of this department William Tricker, who has for several years made this branch a specialty, who is ever ready to give intending purchasers the benefit of his experience. The following is an abridged list of the stock we offer the trade. Selections will be gladly made for all purposes, from an aquarium to an ornamental lake. Tubers of most of the tropical varieties of *Nymphaea* can be supplied at all seasons, and dormant roots of the hardy ones until the season is too far advanced for them.

Tender Aquatics.

NYPHÆE GIGANTEA.

FERTILIZERS.

DREER'S AMMONIATED BONE PHOSPHATE. A valuable fertilizer for the garden and farm, made from pure materials, and certain to give satisfactory results. Per sack of 200 lbs., \$3.00; per ton, \$27.00.

CLAY'S FERTILIZER. Highly recommended for all purposes in the vegetable, fruit and flower garden, specially adapted in rose forcing. In sacks as imported, $\frac{1}{4}$ cwt. \$2.00; $\frac{1}{2}$ cwt. \$3.50; 1 cwt. \$6.25.

CANADA UNLEACHED HARDWOOD ASHES. Per bbl. (about 250 lbs.), \$2.50; per ton \$18.00.

CRUSHED BONE. Ground coarse for grape borders. 200 lb. bag, \$3.50; per ton, \$33.00.

PURE GROUND BONE. Excellent for restoring and quickening grass plots, gardens, etc. Apply 400 to 600 lbs. to the acre. Sack of 200 lbs. \$3.50; per ton, \$30.00.

PURE BONE MEAL. Ground expressly for our trade. Better than Ground Bone for mixing with potting soil, as it is much finer and in better condition for giving immediate effect. 200 lb. sack, \$3.50; per ton, \$30.00.

BONE FLOUR. Ground perfectly fine; an excellent fertilizer for pot plants or beds where an immediate effect is wanted. 100 lbs. \$2.50; bag or bbl., 200 lbs. \$5.00; per ton, \$40.00.

ODORLESS PHOSPHATE. This is a new chemical compound. The results are marvelous on grain and root crops, small fruits, Lawn and Vegetable Garden. Price per bag of 200 lbs. \$2.50; per ton \$20.00.

NITRATE OF SODA. A fertilizer for all crops, and the only means by which the largest per cent. of Nitrogen can be applied to soils. Will be shipped only in double bags. 50 lbs., \$2.00; 100 lbs., \$3.50; 200 lbs., \$6.50.

PULVERIZED SHEEP MANURE. Excellent for mixing with potting soil. 100 lb. sack, \$2.00; ton, \$30.00.

LOBOS GUANO. Ten per cent. ammonia. Per bag (about 167 lbs.) \$6.00; per ton \$65.00.

INSECTICIDES.

TOBACCO DUST. A sure remedy for green fly. Per lb., 5 cts.; per 100 lbs., \$2.50.

TOBACCO STEMS. For fumigating. In bales of about 250 lbs., \$1.50; per bbl., 75 cts.

FLOWERS OF SULPHUR. A preventive and cure for mildew. Per lb., 6 cts.; 10 lbs. 50 cts.; per 100 lbs. \$4.00.

FIR TREE OIL. Per pint, 65 cts.; per quart, \$1.00; per $\frac{1}{2}$ gallon, \$2.00; per gallon, \$3.50.

HELLEBORE. Thoroughly effective. Per lb., 25 cts.

GRAPE DUST. Preparation for destroying mildew, mold or rust mites, either in greenhouses or the open air. 5 lbs., 30 cts.

GISHURST COMPOUND. For destroying green fly, mildew, thrip, mealy bug and scale. Per lb. box, 40 cts.; 3 lb. box, 90 cts.

TOBACCO SOAP, PINNER'S. For destroying all insects on plants and animals. Per lb., 30 cts.

PERSIAN INSECT POWDER. For destroying roaches, ants and fleas. Per lb. 30 cts.

PURE PARIS GREEN. 30 cts. per lb.

WHALE OIL SOAP. Bulk. Cans, 1, 2 and 5 lbs., 15, 30 and 60 cts.; per lb., 10 cts.; per 100 lbs., \$7.00.

SLUG SHOT. A safe insecticide to use, and combines utility with cheapness. Per 10 lb. pkg., 50 cts.; 100 lbs., \$3.50; in bulk, full barrel of 235 lbs., 3 cts. per lb.

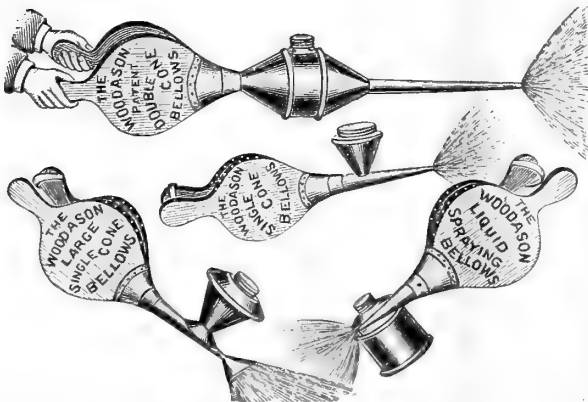

LITTLE'S ANTIPEST. This preparation is a sure destroyer of the Scale, Woolly Aphis and insect pests of any and all descriptions. Price, $\frac{1}{2}$ -gallon can, \$1.50; 1-gallon can, \$2.50; 5-gallon can, \$10.00.

FOSTITE. The great mildew remedy. 5 lbs., 50 cts.; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.50.

POWELL'S IMPROVED BORDEAUX MIXTURE. An elegant remedy for Mildew, and Carnation rust. Full directions for mixing with each package. 5 lb. packages, 40 cts.; 50 lb. boxes, per lb. 6 cts.

ROSE LEAF EXTRACT OF TOBACCO. Simply a very strong nicotine solution (about the consistency of molasses) and unquestionably the best general-insecticide on the market. Used in various ways—such as boiling on small kerosine stoves, evaporating pans, painting pipes, special steam cylinders, dropping red-hot iron weights or fire-brick into narrow pans containing diluted extract, or, by syringing. Try it. Price, 5-gallon can \$5.00; 1-gallon can \$1.50.

POWDER AND SPRAYING BELLOWS.

Double Cone, \$2.75. Single Cone, large, \$1.75.
small, 85 cts. Spraying, \$1.75.

KNAPSACK SPRAYERS.

The only way to have healthy nursery stock, sound plants, and perfect fruits and vegetables, is to protect them with the right fungicides and insecticides at the proper times.

For Applying Bordeaux Mixture and all Liquid Insect Destroyers.
Excelsior (copper), holds 4 gallons. \$12.00

DREER'S WHOLESALE PRICE LIST.

Patent Plant Bed Cloth.

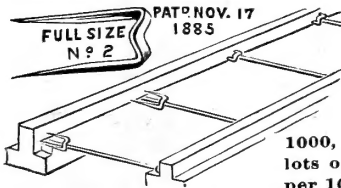

A cheap substitute for glass and will keep out many degrees of frost. Also useful for shading material. Light grade, 4 cts. per yard; per piece of about 65 yards, 3½ cts. per yard. Medium grade, 8 cts. per yard; per piece of about 60 yards, 7 cts. per yard. Heavy grade, 10½ cts. per yard; per piece of about 40 yards, 9½ cts. per yard.

Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. This is really a most useful implement, and better than any other cutter. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$4.50; Ebony handle, \$3.25.

THE VAN REYPER PERFECT GLAZIERS' POINTS.

No rights or lefts.

Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

Putty Distributor.

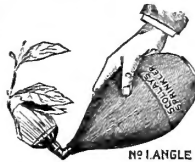

PUTTY DISTRIBUTOR.

The best appliance for distributing putty. One day's work by the old method of glazing can easily be done in four hours by the use of the Distributor.

80 cts. each; post-paid, 90 cts.

SCOLLAY SPRINKLER. 75 cts. each; 85 cts. by mail.

ANGULAR SPRINKLER.

Tar Twine for tying Mats and Fodder, etc. 10 cts. per lb.; \$8.00 per 100 lbs.

SEED DRILLS.

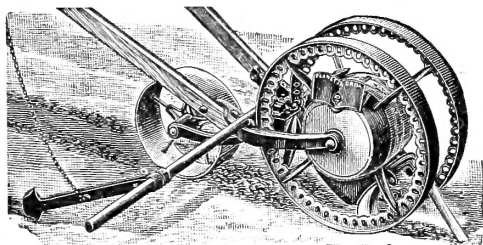

The New "Planet Jr." No. 3 Hill Dropping Seed Drill.

This Drill will sow in a continuous row, in the ordinary way, with the greatest regularity; it will drop neatly in hills, either four, six, eight or twelve inches apart. It opens the furrow, drops in hills or drills, covers, rolls down and marks the next row, all at one operation. The hopper holds three quarts. It is changed in a moment from hill dropping to drill work. It is nicely adapted to all conditions of land, working especially well in fresh ground or when planting on a ridge. The plow is adjustable and opens a very narrow furrow, which is a great advantage for after-cultivation.

This is the first year that this machine has been offered, but it has been tested thoroughly by careful gardeners and nurserymen during the season of 1895, and the manufacturers guarantee it to give entire satisfaction. Price \$9.00.

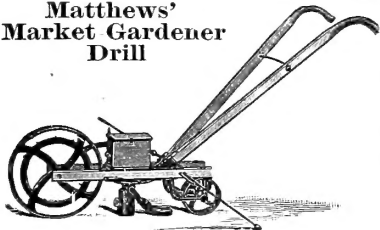

Sows either in hills or in continuous row.

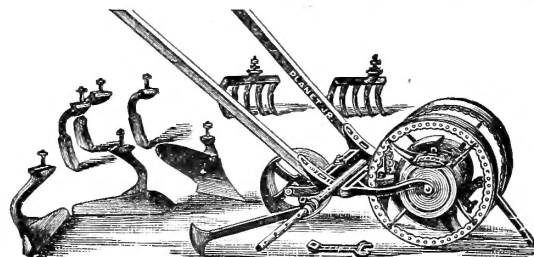

The "Planet Jr." No. 2. Drill.
Price, \$6.50.

Matthews' Market Gardener Drill

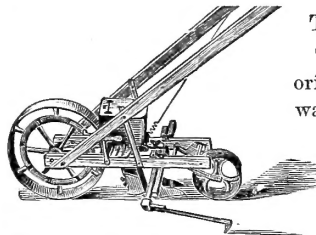

This is one of the most perfect Seed Drills in use. It is thoroughly made, and warranted to sow with evenness and regularity.
Price, \$6 50.

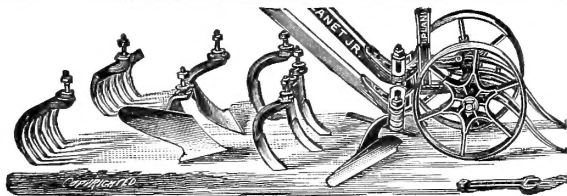

The "Planet Jr." Combined Drill, Wheel Hoe, Cultivator, Rake and Plow.
Price, \$9.00.

The "Model" Drill.

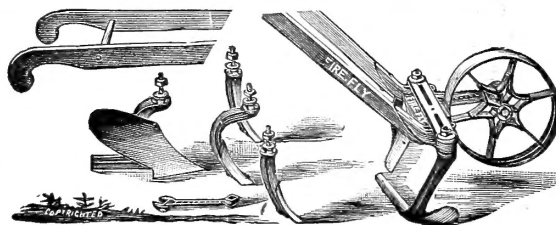

This Drill is a general favorite, and is perfect in every way. Will sow any kind of seed from Sweet Marjoram to Beans with accuracy.
Price, \$6.00.
